Quorum in Each
dds to Problem

The leaders of both branches held another session and worked out a plan which they said should bring each final adjournment late this afternoon.

The first requirement is that the House muster a quorum, or majority, as soon as it meets. Democratic Leader Carl Albert, D-Okla., said this had been assured. A number of members from Eastern states had promised to come back.

If this is accomplished, the House then plans to complete action on the last bill it would have to put through—a \$5 billion public works appropriations bill.

Return Some Projects
The House was voting on this Friday night when it was forced to give up.

Before passing it, however, leaders plan to have the House amend it to restore some public works projects for Oregon and other states which were knocked out earlier in the Senate-House conference on the legislation.

Rep. Michael J. Kirwan, D-Ohio, had told reporters he had cut out the Oregon projects because Sen. Wayne Morse, D-Ore., attacked a Washington aquarium project sponsored by the Ohioan.

Morse has demanded that the Oregon funds be restored and has claimed he has President Kennedy's backing.

The Senate then will have to act on only two bills—the public works money measure and a \$2.4 billion public works authorization bill agreed on Friday.

This authorization measure, containing projects for all parts of the country, had been the stumbling block to adjournment. But following the dispute over it ended Friday, singing pep with Senate agreement to eliminate about eight major projects the football game.

The House then promptly passed the compromise version.

It had passed the Senate Thursday at the day night. But Rep. Clarence Cannon, D-Mo., chairman of the House and other House Appropriations Committee, "We have blocked it from going to conference, said not all because of a number of items were still in the Senate added.

26 or More Dead as Gale Strikes Pacific Coast Area

The Steeple of Campbell Hall at a Oregon College of Education fall in the high wind that swept the state breaking down buildings, towers, trees, signs and disrupting communications. Photographer Wes Luchau caught this photo of the falling steeple as it went down before 90-mile-an-hour gusts. There was no one in the building. (AP Wirephoto)

Aid to Cuba Expensive for Soviet Union

WASHINGTON (AP)—The Soviet Union's assistance to Cuba—military and otherwise—is now costing Russia about \$1 million a day, says assistant Secretary of State Edwin A. Martin.

The military aid part of it he said is running at the rate of \$200 million for this year.

Also, he asserted, the State Department estimates that Russia will have a \$50 million to \$70 million trade deficit with Cuba as well as supplying long-term economic aid this year of up to \$50 million.

But, Martin declared, this Russian help "is probably just about enough" to keep Cuba's "head above water—at a relatively low level."

Cuban Income Lower
In a CBS radio interview Friday, Martin said: "We estimate the Cuban people are getting about 25 per cent less income than they did before Castro assumed power. This will not do more than keep them at that level as far as we can see at the present time."

Investigation of Corbin Still Open

House Committee Checking
Official's Past Activities

BY FRANCES McUSICK
Post-Crescent Washington Bureau

WASHINGTON — The House Un-American Activities Committee has not closed its investigation of the case of Paul Corbin, Jamesville, now assistant to Director of the Democratic National Committee, John M. Bailey.

The house committee which has forwarded a transcript of its original hearing on Corbin's former alleged communist associations now intends to pursue new leads within the next few months according to representative Clement Zablocki, (D., Milwaukee).

Zablocki, who months ago publicly denounced Corbin's appointment to the national committee, told reporters this week that Corbin was "a party liability."

"Bobby Kennedy feels loyal to Corbin for work he did in the Wisconsin and West Virginia primaries, but I don't know what he has done to justify keeping him in his present job," Zablocki said.

He added that Republicans would be sure to exploit Corbin's trip on the same plane with the attorney general when they went to Milwaukee last week to attend a fund raising dinner for John A. Reynolds, Democratic gubernatorial nominee.

The first person in Washington to criticize this trip was Rep. Vernon W. Thomson, (R.) Richland Center, who described it as being "scandalous and shocking."

Referring to the transmittal of the Corbin hearing by the House Un-American Activities Committee to the justice department to determine if perjury charges should be placed against Corbin or against other witnesses whose testimony conflicted with Corbin's denial of any former communist affiliation, Thomson said, "It is shocking that the attorney general, who may be asked to prosecute Corbin, is hobnobbing with a man whose testimony has raised certain serious questions."

"Talk about your conflict of interest and ethics," the former Wisconsin governor continued.

The prosecutor puts his arm around the accused and carries with him on social and political trips.

Adenauer to Visit Kennedy Next Month

Problems of Mutual
Interest Scheduled
For Discussion

PITTSBURGH (AP)—The United States announced today that Chancellor Konrad Adenauer of West Germany will visit the United States next month at President Kennedy's invitation.

The announcement came while Kennedy was in Pittsburgh on a stumping tour which will take him into Indiana and Kentucky before the day ends.

White House press secretary Pierre Salinger said Kennedy invited Adenauer "to meet with him to discuss problems of mutual interest between the United States and the Federal Republic of Germany."

Expected Nov. 7
Adenauer accepted and will arrive in Washington Nov. 7, Salinger announced.

It was understood that Adenauer will remain for two or three days. Kennedy reportedly feels the time is opportune for a personal discussion with the West German leader of the problems facing the Western alliance.

Kennedy sent a personal letter to Adenauer a few weeks ago, but the contents were not disclosed. The invitation reportedly was extended more recently.

This will be Adenauer's second journey in Washington since Kennedy became president. The first was last November.

The traveling White House declined to go into any details on the "problems of mutual interest." There have been increasingly frequent reports, however, that the United States expects a more severe crisis in Berlin.

These reports have accompanied repeated statements in Moscow and accounts from other Iron Curtain countries that Soviet Premier Nikita S. Khrushchev is determined to sign a separate peace treaty with East Germany.

**Four More Escape
To West Berlin**

BERLIN (AP)—West Berlin police reported the escape of four refugees Friday night despite new precautions by the Communists' People's Police.

No details were given about the refugees or their means of escape.

At Potsdamerplatz, a white flare went up on the Communist side and simultaneously a siren began to howl. West Berlin police said they thought border guards had accidentally set off a new tripwire device, designed to disclose the presence of refugees crawling near the wall.

Red flares were seen twice just before dawn, 20 minutes apart, rising from the Invaliden Cemetery. The cemetery is on the border.

2-Day Toll Grows to 34; Power and Telephone Lines Torn Down at Portland, Ore.

PORTLAND, Ore. (AP)—A of the storm. Wind-measuring howling storm with wind gusting equipment registered 80 miles an hour before going out of operation. Experienced weather observers estimated the gusts at well over 100 mph.

They were measured at 120 mph at a station on the northern Oregon coast. Mt. Tamalpais in California, just north of San Francisco, registered 121 mph.

That made a two-day toll of 34 killed by successive storms. There were 13 dead in Oregon, 11 in California, 8 in Washington and 3 in British Columbia.

Portland was virtually paralyzed. Most power and telephone lines were broken by winds that sent signboards sailing, knocked down thousands of trees, tore roofs off scores of buildings, and blew in countless windows.

The city sprawled in darkness Friday night, and residents huddled up in their homes, fearful of flying debris outside.

It was the same along the Oregon coast and in a number of other parts.

Hundreds of streets were blocked by toppled trees. U.S. 101, a major north-south highway, was blocked by downed redwood trees between Eureka and Crescent City, Calif.

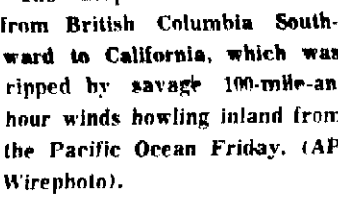

The Pacific Northwest Bell Telephone Co. said its repair bills alone will mount to \$400,000 or more.

Shipping disasters were avoided, although at one time there were boats adrift at Seattle. Portland and a number of smaller ports.

Portland, Ore.—add storm bjt 120 ports.

The fury of the storm was felt as far as 125 miles inland, where it was finally blunted by the Cascade Mountains.

At one time three trains were reported missing between Seattle and Portland. It turned out they were delayed by trees and debris on the tracks, but with all communications out, it took hours to locate them.

The map shows the area from British Columbia southward to California, which was ripped by savage 100-mile-an-hour winds howling inland from the Pacific Ocean Friday. (AP Wirephoto).

Heavy Disaster
"It was probably the biggest disaster that Oregon ever had," said Gov. Mark Hatfield, who declared a state of emergency and alerted the National Guard. Some guard units went on active duty in the Willamette Valley. Hatfield wired that Oregon may ask President Kennedy for disaster aid.

The worst was over. Winds were diminishing and the Weather Bureau said winds of only 25 to 30 miles an hour were expected on the coast today.

Oregon Public Utility Commissioner Jonel Hill estimated it will take at least four days to repair utility lines.

A fire broke out in Junction City, Ore., about 100 miles south of Portland, and two square blocks were leveled. Damage was estimated at \$400,000.

Cannery Destroyed
In Astoria, at the mouth of the Columbia River—where the storm apparently centered—a fish cannery was flattened.

The peak force of the wind at Portland was not measured. Power lines were knocked out at the Weather Bureau before the height.

Injuries Fatal To Businessman

Alton R. Hansen
Struck by Car on
Waupaca Street

WAUPACA — A Waupaca businessman was injured fatally about 7 p.m. Friday when he was struck by a car while crossing a street near his place of business.

Alton R. Hansen, 60, 610 Shearer St. died about 11:17 p.m. Friday at the Waupaca Memorial Hospital.

City police said Hansen was struck by a car driven by Howard Hazen, 41, Manawa, on Badger Street. Hansen was crossing the street between his car and the A. M. Hansen Machine Shop which he operated. Police said Hansen was crossing the street 160 feet east of the Jefferson Street intersection.

Hazen told police he was meeting incoming traffic and "all at once there was a body in my windshield." Police said Hansen was carried about 94 feet on the Hazen car. Skid marks measured 24 feet to where Hazen stopped, police said.

Hansen was taken to the hospital where he died.

Hansen died of multiple fractures of the leg, fracture of the left arm, a fractured vertebra, shock and internal hemorrhage. Dr. Sam Salan, Waupaca County coroner said.

Dr. Salan said a coroner's inquest with a 6-man jury will investigate the accident early next week.

The 1962 Wisconsin highway traffic toll has climbed to 712, compared with 668 on this date a year ago.

Miss Josephine Babich, 76, of West Allis was killed in a two-car crash on Highway 41 at about 15 miles north of Green Bay Friday. She was a passenger in a car driven by her son, Vincent, 53, of Stephenson, Mich., when it collided with another automobile.

**Weatherman Gives
Gridders a Break**

Wisconsin—Partly cloudy today, tonight and Sunday. No rain is expected. High today, 66. Low tonight, 46. High Sunday, 70.

Appleton—Temperatures over the 24-hour period ending at 9 a.m. today: Low, 40; High, 62. Barometer reading, 30.10 and falling slowly. Wind is from the northeast at 3 miles an hour. Temperature at 9 a.m. today: 59. No rainfall in the Fox Cities since 9 a.m. Friday.

Sun sets at 5:14 p.m., rises Sunday at 6:07 a.m. Moon rises tonight at 5:51 p.m. Brightest constellation is Orion. Visible planets are Venus, Jupiter, Saturn, and Mars.

Brief Working Session

Prelates Delay Naming 10 Major Groups to Study Church's Future

VATICAN CITY (AP)—Roman Catholic prelates from the far corners of the earth gathered at St. Peter's Basilica in a heavy downpour today to begin the task of reshaping the church to meet the urgent new demands of the nuclear age.

The first working session of the Ecumenical Council was unexpectedly brief. The meeting broke up after only one hour without taking up the first item of business—election of 10 commissions to debate wide-ranging issues that Pope John XXIII has asked the 2,700 prelates to study.

Next Session Tuesday
Achille Cardinal Lienart, bishop of Lille, France, proposed the delay, saying the council fathers needed more time to become better acquainted so that they could better judge the best candidates for the commissions.

Eugene Cardinal Tisserant, French-born dean of the College of Cardinals, presided at the opening.

mean we will change them completely," said Bishop Gennaro Prata of La Paz, Bolivia, as the council fathers opened their first working session.

Pope John XXIII has made it clear, Bishop Prata added, that he wants "progress without forgetting the history of the church."

These issues take in such problems as how to improve relations with the non-Catholic churches and how to fight communism more effectively, as well as such internal matters as the boundaries of dioceses or the relations between bishop and parish priests.

Balloting on the membership of the commissions will run to the end of next week in an elaborate series of voting sessions in which electronic computers will do the counting. The Pope himself will pick eight members of each of the 24-member commissions while the council fathers will mark punch card ballots for all the other posts.

Governor Nelson A. Rockefeller of New York was on hand to greet President Kennedy on the reviewing stand at the Columbus Day parade in New York Friday. Said the governor: "Nice to see you, Mr. President. Welcome to New York." "Thank you," the President replied. (AP Wirephoto)

Sen. Alexander Wiley, a visitor to Appleton Wednesday, chats with Antonio Sanchez Schmitz, 19, Kaukauna, an immigrant youth the senator aided in cutting red tape so he could come to the United States. With the senator and Antonio are, left, Father Francis Geigel, Marinette, Antonio's sponsor in the United States, and Mrs. Herbert Schmitz, Kaukauna, the youth's adopted mother. Sen. Wiley is sponsoring legislation to keep Antonio in the United States. (Post-Crescent Photo)

Chats With Senator Wiley

Immigrant Living in Kaukauna Sees Man Responsible for Trip

A 19-year-old Spanish immigrant now living in Kaukauna came to Appleton Wednesday to briefly chat with the man who made his stay in America possible.

Antonio Sanchez Schmitz, 19, adopted son of Mr. and Mrs. Herbert Schmitz, 310 Dixon St., came to Appleton Wednesday to meet Sen. Alexander Wiley and to thank the senator for cutting red tape and getting him into the United States two years ago.

A graduate of Kaukauna High School last June and now a student studying mechanics at the Adult Vocational School, Antonio shook hands warmly with the senator in the lobby of the Conway Hotel. With the youth was his adopted mother, Mrs. Herbert Sanchez, and a Catholic priest.

Father Francis Geigel, Mrs. Schmitz's uncle, who met Antonio in Seville five years ago and brought him to America.

Father Geigel was then an Air Force chaplain. When he met Antonio, Antonio's mother, a widow, was about to take the 14-year-old boy out of school so he could work. Father Geigel offered to help the family financially if Antonio could remain in school.

Brought Antonio To U.S.

Later, when Father Geigel retired from the Air Force and came to the United States, he brought Antonio along on a tourist's visa. The two lived in South Carolina before coming to Wisconsin in 1960 when Father Geigel was named pastor of St. Anthony Church in Marinette.

Last year Wiley introduced a bill in Congress which would allow Antonio to stay in the United States permanently. His current visa expires in May. Antonio said he is interested in becoming an American citizen.

Antonio was adopted by the Schmitz family in June. He has two sisters, Jean Ann, 16, and Jo Ann, 13. He attends the vocational school five days a week.

Sen. Wiley told the youth that everything was being done to assure his stay in the United States and that, as an immigrant, Antonio could possibly grow up to be a United States senator.

State Colleges' Tuition, Fees Are Above National Average

Tuition and fee charges at the River Falls, and Stout — were typical Wisconsin state college is included.

In 1961-62, for example, the average academic year tuition and fee charges paid by full-time resident undergraduate students in public-supported institutions, such as the Wisconsin State Colleges, was \$185. In privately-supported institutions the average figure was \$731.

The reported range for Wisconsin State Colleges is from \$198 at Stout to \$220 at La Crosse.

4 Charges Less

A check of 10 similar institutions in the states of Illinois, Iowa, Minnesota, Nebraska, Michigan and the Dakotas indicated that four charged less than the lowest reported Wisconsin State College fee, while three charged more than the highest fee.

The national study revealed that the average institutional charge for a dormitory room in public-supported colleges was \$189 for men, while it was \$231 in private colleges.

The Wisconsin State Colleges charge from \$234 to \$256 for rooms. Eight of the 10 area out-of-state colleges charged less, while one in Indiana charged more.

The national public-supported board average for seven meals per week was \$380, while it was \$415 in private colleges. The Wisconsin State College charges were lower than the national average, ranging from \$350 to \$378. Eight of the outside institutions charged more than the state colleges cited in the study, and two charged less.

Hortonville Fire Rates May Rise

Post-Crescent Madison Bureau

MADISON — A new rating by the Fire Insurance Rating Bureau, serving the fire insurance industry, has changed the classification of the village of Hortonville with the result that fire insurance rates will rise slightly, according to an announcement to underwriters. A rating of other towns and villages in Outagamie and Shawano county left classifications unchanged.

Bid Shows Interest

In certain rare situations the cue-bid in the enemy's suit may be used to show a general interest in game. This is particularly true when you have passed initially.

North should certainly pass originally but with well-concealed regret. When you have two aces and a king you should be looking for an excuse to bid.

How does North show his full values at his second turn? A raise to three spades isn't really strong enough and doesn't de-

North dealer Both sides vulnerable			
NORTH			
♠	9 8 4	♥	2 5 4
♦	A 9 7 6	♣	10 9 4
♣	K 10 9 4	♦	7 5
♠	10 6	♥	K Q 9 7 6
♥	J 8 3	♦	K 3
♦	8 4 3 2	♣	A Q 5
♣	7 6 3	♠	10 3
SOUTH			
♠	A K Q J 3 2	♥	10 5
♥	10 3	♦	J 8
♦	10 3	♣	J 8

Opening lead — ♥ 3			

trump, with only one stopper in hearts. A bid in diamonds or clubs would not be forcing, and North would feel very foolish playing the hand at two or three of a minor suit.

How can North show maximum values for a passed hand, with a real interest in some sort of game contract? The cue-bid of two hearts tells the whole story.

Jumps to Game

South very properly jumps to game in spades. A bid of only three spades would be invitation, al, but not forcing. A bid of two spades would be highly discouraging. South wants to be in game

if North has a maximum pass. North is sure to have useful high cards in the minor suits since he cannot have spade strength and then return a club, giving East must have some good reason for two club tricks.

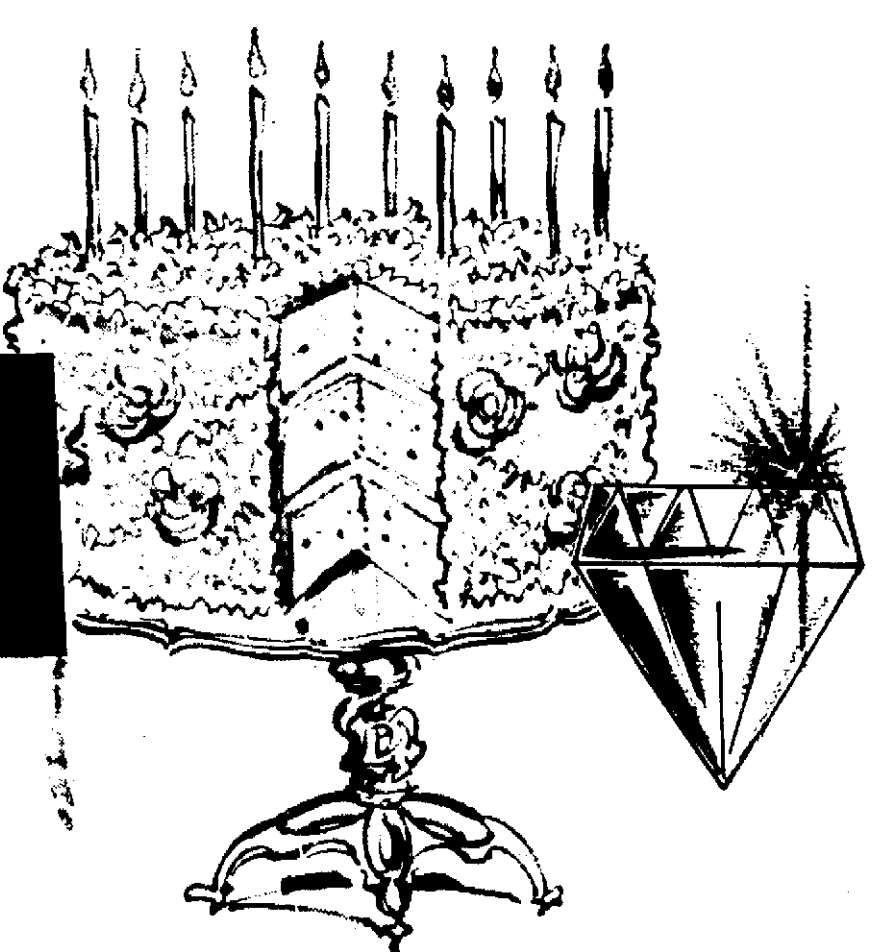

being interested in game.

South makes the game fairly easily if he plays the low heart, and the next player passes. You from dummy at the first trick, hold: S. 9 8 4. H. A 4. D. A 9 7 6. C. K 10 9 4. What do you say?

Partner opens with one heart, and the next player passes. You strong for one notrump but not strong enough for two notrump. Make a waiting bid with a minor suit and bid two notrump (if you can) at your next turn.

The Race for Governor of Wisconsin

The Post-Crescent will publish Sunday interviews in depth with the two candidates for governor of Wisconsin. Each candidate has been allotted approximately eight columns of pictures and type to tell his story to the readers of this newspaper.

Six members of the editorial staffs of the Green Bay Press-Gazette and the Appleton Post-Crescent prepared the questions and asked them of each candidate at meetings each extending over perhaps an hour or an hour and a half. Neither candidate had an opportunity to study the questions in advance but each responded extemporaneously and thus gave the answers as they have been given piecemeal to many other groups during the campaign. Thus it is possible from reading these statements to get a good clear look at the stand of each candidate for this important office on the important issues of the campaign.

As might be expected the principal

questions and the principal answers relate to the problem of state finance. As is well known, Philip Kuehn, the Republican nominee for governor, and John W. Reynolds, the Democratic nominee, have divided clearly and definitely on a program of taxation for Wisconsin. Mr. Kuehn proposes to secure an important part of the revenue in the years ahead from a general sales tax which would be moderated by refunds to people in the lower income groups and to those with large families. Mr. Reynolds proposes to get additional revenue from revising the rates of the present progressive income tax law and through a collection of excise taxes on such items as tobacco, liquor and automobiles.

The adoption of the tax law is a legislative matter. But in this instance it will probably be largely decided by the choice of the next governor of Wisconsin. For that reason we recommend the intensive reading of these interviews.

This We Like to See

There was an example here recently of the benefits from cooperation between neighboring communities.

When the fall season rolled around, Kaukauna found itself without a field on which its high school football team could defend its Mid-Eastern Conference championship.

Expansion of the present high school building resulted in the old field giving way to the modernization plans. At first it was thought that Kaukauna's new football layout could be completed in time for the first game. However, late summer rains slowed work and it became evident that the field would not be ready.

Officials held meetings and discussed various possibilities on how to handle the situation.

Little Chute village officials were approached and quickly offered to let Kaukauna use the American Legion park field without a rental charge.

From that point on the two communities have displayed a cooperation that has caused some to marvel. Kaukauna brought

in bleachers to supplement the number available at Little Chute. In addition, Kaukauna chalks off the field for all its games, handles the concessions, ticket sales and parking.

Probably one of the largest crowds that has witnessed a football game in Little Chute for a good number of years was on hand when Kaukauna met rival Kimberly. When the game was over and Kaukauna had safely tucked away a 7-0 victory for its 20th straight triumph, several thousand students and adult fans flocked to cars and buses for the return to their home towns.

Again the cooperation was evident as Kaukauna police directed traffic with the Little Chute officers. Key intersections were handled smoothly and traffic moved orderly and without mishap. This in addition to the fact that it was a Friday evening and the height of the shopping hour in the village.

It is indeed heart-warming to see two communities working together, helping the other out of what could have been a tangled problem.

Judy and Her Slacks

Judy Rae Bushong is a 16-year-old high school student who until last month was attending Springfield Township High School near Akron, Ohio.

For the past three weeks she has been suspended from school because she objects to wearing shorts in gym classes. This week the school board voted to expel her for her stand.

Judy is a member of a Fundamentalist Bible Church and she feels that it's morally wrong for a girl to show bare knees. The school says she has to wear shorts in gym class. She has said she would wear slacks or pedal pushers, but not shorts.

Whether or not it's moral or immoral

to wear shorts is certainly not the question. The question is whether or not Judy should be allowed to live her beliefs.

Certainly wearing slacks or pedal pushers would not interfere with her active participation in physical education class. Certainly the wearing of slacks or pedal pushers would not offend anyone.

School administrators are frequent in their voicing that "Their main concern is the welfare of the child." But here's one case where the welfare of the child seems to have been pushed into the background.

Let Judy wear her slacks in physical education class. Let her return to school and resume her education.

Ready, Willing and Able

Wisconsin has approximately 350,000 handicapped citizens. Among them are many who are now employed. Others are unemployable. They may be too young, too old, or without the necessary training or education for a job. Others are unemployable because of the severity of their handicaps and still others do not need jobs.

There are however 5,000 handicapped

persons who are ready, able and willing to work. The Wisconsin State Employment Service and the Vocational Rehabilitation Division want to place them in jobs. These workers are mentioned here today because this is Employ the Handicapped Week. But these people need employment every week of the year. On the cold, unadorned record they have much to offer. Time and again they have proved themselves loyal, dependable and productive workers.

Looking Backward

'Old Abe' Still Safe After Corinth

100 YEARS AGO

Quoted from the Appleton Motor for Oct. 9, 1862.

The famous eagle of the 8th Wisconsin, "Old Abe," is still alive. It was carried by the Wisconsin men into the first day's fight at Corinth.

Gen. Sigel's letter asking to be relieved from command, and a similar letter written from Missouri long ago, both of which necessarily passed through Gen. Halleck's hands, have never reached President Lincoln.

Gov. Salomon has commissioned Mrs. Harvey to visit the hospitals in St. Louis and Missouri and to look after and relieve our poor sick and wounded soldiers.

Dr. George W. Fay of Menasha has been named assistant Surgeon of the 32nd Regiment.

Of our old Wisconsin troops, the 1st, 10th and 15th Infantry Regiments and the 3rd and 5th Batteries, and the 21st and 24th Regiments are all with Buell's army.

25 YEARS AGO

Saturday, Oct. 9, 1937

Chester Barrand was elected president of the Student Council at Kimberly High School.

Seniors Eugene Volkel and

Betsy Dowling were co-editors of The Rocket, Neenah High School yearbook.

Miss Agatha Schmidt, Appleton, was elected treasurer of Trutznachtigall, German club at Mount Mary College, Milwaukee. An original monologue, "Horse Sense," written by Miss Schmidt also was to be presented at the State Night program of the Marinette Business and Professional Women's Club.

Schaskopf prizes went to Mr. and Mrs. Roy Burmeister when the Jolly Eight Club met at the home of Mr. and Mrs. Earl Greb, Appleton.

The committee in charge of the chicken supper and bazaar to be held by the Ladies Aid Society of Immanuel Lutheran Church at Black Creek included Mrs. Ernest Laehn, Mrs. Philip Sassman, Mrs. C. A. Bauerfeind, Mrs. Reinhold Heiden, Mrs. R. H. Gehrke, Mrs. A. F. Piehl, Mrs. I. A. Grunwaldt and Mrs. R. J. Tesch.

10 YEARS AGO
Saturday, Oct. 11, 1952

New officers of the Commercial Club of Appleton High School were Connie Redlin, president, Valerie Meyer, vice president, Mary Hammer, secretary, Lois Welsh, treasurer, Beverly Wichman, historian, and Jessie Hill, reporter.

Two members of the Henry

Turner Women's Relief Corps, New London, were elected to office at the annual district meeting at Waupaca. They were Mrs. C. A. Bauerfeind, elected conductor and who also served as color bearer at the district meet, and Mrs. Joseph Sauer, elected district guard. Mrs. Lawrence Farrell served as senior vice president at the meeting.

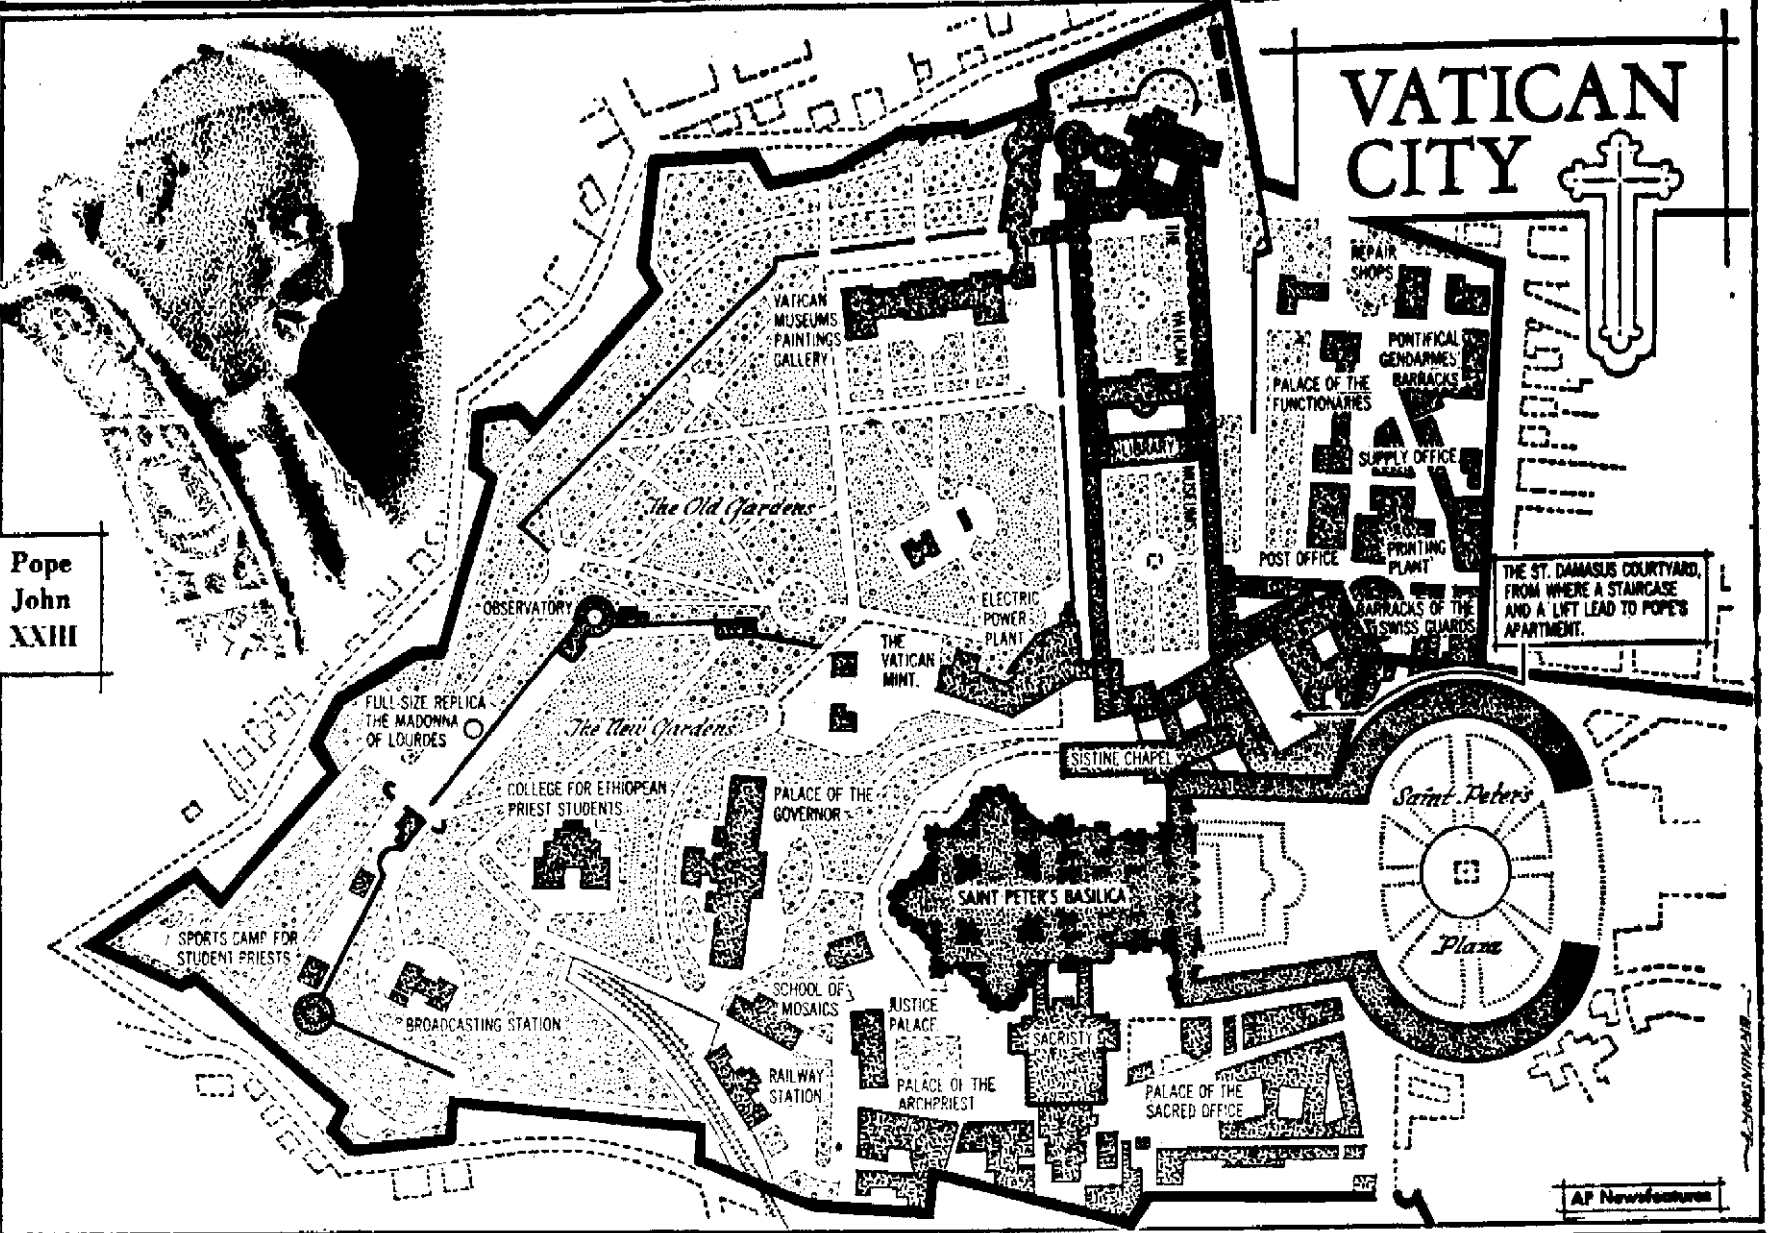

Eugene Zeimert, route 2, Manawa, and Larry Hanson, King, enlisted in the U. S. Army for three years. Hanson enlisted under the Army's special schools program.

John R. Kimberly Jr., route 1, Neenah, enlisted in the U. S. Coast Guard for four years. He was to receive basic training at the receiving center at Cape May, N. J.

Mrs. Eli Jandrin was elected

president of the Appleton Bird Club. Other officers included Mrs. H. V. Lipke, vice president, and Mrs. Fred Guenther, secretary and treasurer.

Miss Iris Anderson was elected

Vatican City Represents One of the Richest Pieces Of Real Estate in World

By The Associated Press

The meeting place for the largest assembly of Roman Catholic bishops in the history of the church is the smallest sovereign state in the world.

Vatican City, site of the Second Vatican Council which opened Thursday, covers an area of only 108.7 acres — smaller than many American farms. But in terms of art and history, it is one of the richest pieces of real estate in the world.

The independent temporal power exercised by Pope John XXIII is symbolic of the spiritual authority which he has over Catholics throughout the world. For many centuries, this temporal power was more extensive than now. As late as the 19th Century, the pope ruled thousands of square miles across the middle of Italy and a population of more than three million.

Limits of the modern Vatican were established June 7, 1929, with the ratification of the Lateran Agreement which settled a 60-year controversy between Italy and the Vatican.

The city state is dominated by St. Peter's Basilica, where deliberations of the Second Vatican Council are being conducted. Other features are the Vatican Palace, which contains Pope John's apartment, museums, art galleries, gardens, libraries, a radio station, post office, bank, astronomical observatory, offices, living quarters and service facilities.

Normal Vatican population is approximately 1,000, mainly priests and religious. The legal system is based on canon law. In cases where this code does not apply, the laws of the City of Rome are used.

As a full-fledged state, Vatican City enjoys all the rights and privileges of a sovereign power. It maintains diplomatic relations with other nations and the citizens of Vatican City—but they alone — owe allegiance to the Pope as a temporal ruler.

Thick walls surround Vatican City except at the entrance to St. Peter's Square.

A visitor could walk the length of the tiny sovereignty in about eight minutes, but he could not view all its treasures of art and learning if he took a lifetime. The Vatican Library contains 770,000 printed books and 70,000 manuscripts. Some of the greatest names in the art of Western civilization—Michelangelo, Raphael, Bernini, Titian, Leonardo da Vinci—are represented in its architecture, decorations and art galleries.

Opinions of Others

Voters Beginning to Reject More Spending

From TNS Service

The politician who has been operating on the philosophy of spend and spend and tax and tax had better take another look at his textbooks of political philosophy. Could be that said textbooks might show him the manager of a baseball team (voters in this case) has the prerogative of moving the pitcher (politician in this case) from the game.

A roundup of how voters decided bond issues in states, counties, cities and school districts across the country showed they rejected about one out of three during the last two years. They turned down projects for schools, streets, sewers, parks and such items as would cost the voters more in taxes.

More Concerned
"Taxpayers are taking a hard look at all additional expenditures," said Sheffield Arnold, general manager of the California Taxpayers Association. "People are more concerned than ever about the impact of public spending in all areas, including education."

California voters, knocked out two of three bond issues. Killed were \$270-million for state construction, mostly for the University of California and other state colleges, \$100-million for loans to public and private developers of homes for old folks and \$150-million for state parks.

Voted Tax Hike

Chicago recently turned down six bond issues amounting to \$66-million for long-term improvements. Tucson, Ariz., approved a one-half per cent increase in sales taxes, but vetoed a property tax hike, and a \$4-million proposal for a civic auditorium, and okayed a \$26.7 million bond for various purposes. Arkansas voted down a \$60-million bond for construction at state colleges and institutions and San Diego, Calif., rejected bonds of

\$12.6-million to improve Mission Bay as a recreation area and \$10-million for city park and recreation improvements.

Columbus, Ohio, by a 2 to 1 decision defeated a one-mill levy for health, medical and child care. St. Louis vetoed a \$7.5-million issue, although some others passed. In Los Angeles county districts, of 20 bond issues, mostly for school construction, eleven passed and nine failed. New York saw defeated a \$500-million issue for school buildings.

Self-Amortizing

Cleveland likewise has defeated bond issues and other tax measures and Atlanta knocked down an \$80-million issue for public improvements.

Studying the pattern of these and other results, the conclusion seems to be that if an issue calls for a tax increase, the vote is no. On the other hand, a bond issue, with a self-amortizing loan (for example, construction of parking garages with cash customers to pay off the bonds) the voters approve. Also education is coming in for some hard looks.

Next Come Ballots

These are bond issues the people have voted on. Next may come ballots with names of office-seekers. If the candidate is a tax, tax and spend, spend type of man, he too may get the nayes.

That's why politicians better read some textbooks on political philosophy — starting with the Boston Tea Party. The voters may be having another one of those affairs in the making at the polls. It may be later than the politicians think.

Clans Disbanded

In 1745 when Bonnie Prince Charlie failed in an uprising against the English throne, Scottish clans were disbanded and the tartan outlawed.

Ike, JFK Already Slugging; Wait 'Till Truman Warms Up

By PETER LISAGOR
Chicago Daily News Service

WASHINGTON — Without mentioning the other man by name, Gen. Dwight D. Eisenhower and his youthful successor, John F. Kennedy, are hitting each other's works with mounting malice in the current political campaign.

Once the World Series is out of the way — and Democratic National Chairman John Bailey claims that nobody much pays attention to politics until then — this hissing match could begin to hog the autumn spotlight.

President Kennedy again played the prosecutor's role against Republicans and the Eisenhower years in Baltimore Wednesday night before starting on another campaign weekend that will take him into New Jersey, New York, Pennsylvania, Indiana and Kentucky.

COALS TO NEWCASTLE

He was, after a fashion, carrying coals to Newcastle in his Baltimore outing. His speech was at the 5th Regiment Armory where Woodrow Wilson was nominated by the Democrats in 1912, in a district so thoroughly Democratic that no Republican is contesting the seat of incumbent Congressman Eddie Garmatz.

But the Democrats hope to pick up a U. S. Senate seat in Maryland, the one vacated by the retiring Republican John Marshall Butler, and that was Mr. Kennedy's target in the working class 3rd district which votes 10 to 1 for Democrats.

The Democratic candidate is a rich young Ivy-league type, with gallant World War II credentials, by the name of Daniel Brewster, a member of the House. His opponent, Edward T. Miller, 66, is an old GOP warhorse who once served in Congress. Brewster is favored.

Maryland's Democratic Gov.

Millard Tawes is seeking re-election against Frank Small Jr., a former congressman. Maryland political observers say that Tawes, saddled with a saving and loans scandal and a certain built-in ineptitude, could be taken if the GOP had chosen a more formidable opponent than Small. As it is, Tawes is expected to win a lackluster campaign.

The Maryland Congressional delegation now numbers six Democrats and one Republican, Charles McC. Mathias, who has a lock on his seat in neighboring Montgomery County, where many federal government employees live.

CONGRESSMAN-AT-LARGE

Perhaps the most fascinating House race is that involving the congressman-at-large seat Maryland got an additional seat in the last census. It is being sought by Newton Steers, a Republican whose wife, Nina Auchincloss Steers, is a half-sister of Mrs. Jacqueline Kennedy.

Steers is a friend of the Kennedy family, a habitué of Hyannis Port, Mass., in the summer, and a fellow the President would like to keep in the investment business. One reason, according to insiders, is that he voted for Richard M. Nixon in 1960.

Steers is being opposed by Carlton Sickles, a labor lawyer of avowed liberal beliefs, and the prevailing judgment is that Sickles has an edge now.

Former President Eisenhower thought enough of Steers to stop by his Baltimore headquarters not long ago and put in a plug for the tenuous in-law of Mrs. Kennedy.

But that's the closest Mr. Eisenhower has come to associating with anybody, or any-

thing, in current communication with the Kennedys. The old general is obviously angry about the President's repeated campaign remarks that his administration was marked by "do-nothingism... and drift."

"SELF-ASSERTIVE CLIQUE"

Referring to intellectuals surrounding the President, Mr. Eisenhower said the other day in Denver that to this "tiny, self-assertive clique... to the spokesmen for a brand new America that exists only in their own fevered imagination, I am nothing but a backward-looking, backward-thinking, backward-minded has-been."

Of the accomplishments of his own administration, which he recited in some detail, the general said, "If this is not moving, it is a reasonable facsimile thereof."

In speaking of the last 20 months of his administration, President Kennedy has attempted to make contrasts with what he charged was idle, stalemated government under his predecessor. But Ike in Denver had his own word for these last 20 months.

"The Washington record of the past 20 months," the Eisenhower text asserted, "presents a picture of political convivance instead of statesmanship, of selfish grabs for power instead of respect for our concept of balance in government, of arrogant assertion of Washington infallibility instead of readiness in trust in the wisdom of the American people."

When former President Harry S. Truman gets fully cranked into the campaign, this could prove to be the fall season that saw presidents, past and present, elevate the nation's political dialogue to curbstone level.

'Don't Underrate This Magnificent Animal'

Harper Recital
On Masters of
Baroque Style

3 Lawrence Faculty
Members to Give
Sunday Program

An afternoon recital of baroque chamber music is next on the Lawrence Conservatory music schedule. Three faculty musicians will perform on flute, harpsichord, and cello at 4 p.m. Sunday in Harper Hall in a free public program.

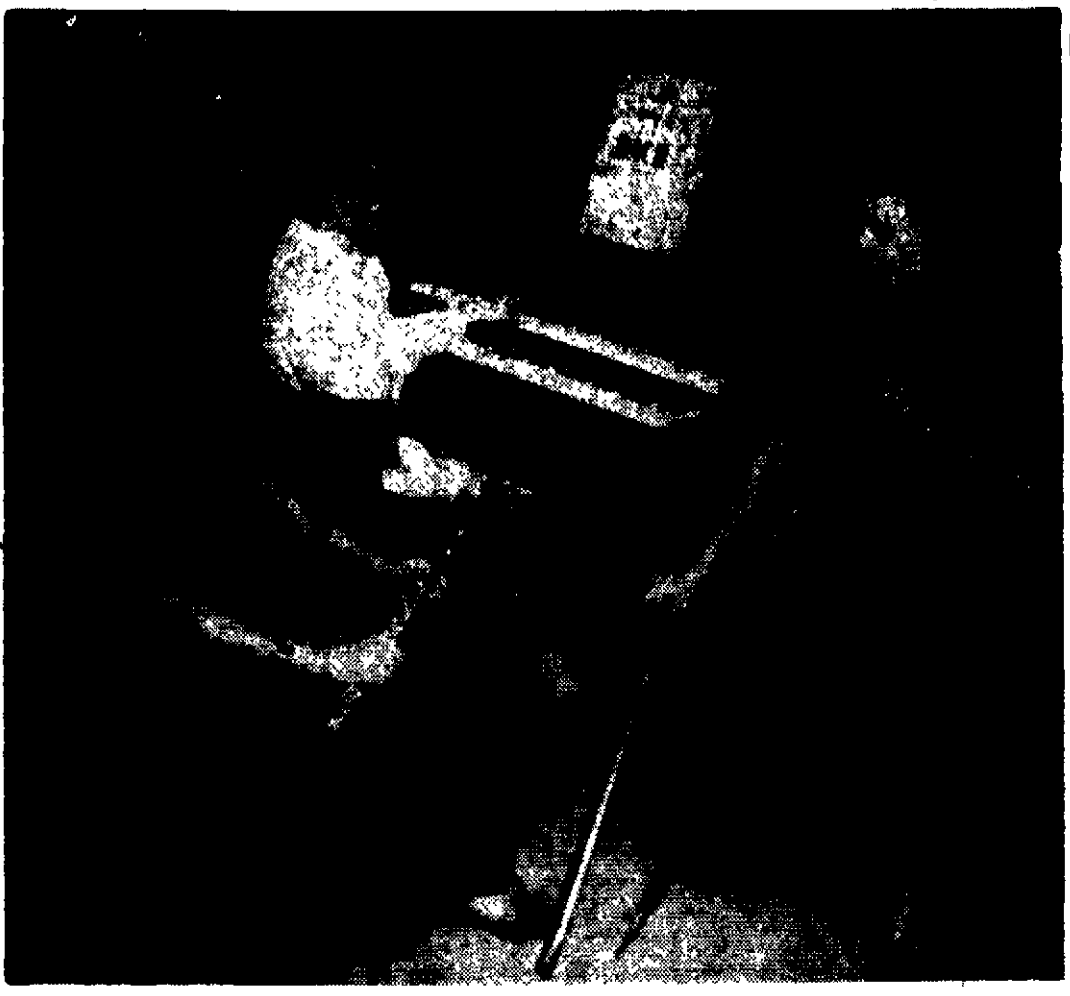

Patricia Mann, flute, Frances Clarke Rehl, cello, and Miriam Duncan, harpsichord, have prepared music of the baroque, by composers dating exclusively between 1650 and 1750.

Mrs. Rehl and Miss Mann already have appeared in a program for new Lawrence students, and two weeks ago shared in a chamber music program, the first of the faculty series. Mrs. Duncan appeared with them in their September performance.

Sunday's recital is diverse, in spite of the period represented. It includes music by French, Italian, English, and German composers, among them the greatest names in composition and performance in their period.

The recital program is as follows:

Program	
Sonata for Flute, Viola da Gamba and Basso Continuo	Lothi 1667-1740
Largo	
Allegro	
Adagio	
Vivace	
11	
Sonata No. 2 for Viola da Gamba and Harpsichord	Bach 1645-1750
Allegro	
Andante	
Allegro	
INTERMISSION	
111	
Le Trophee	Francis Couperin 1648-1733
Suite No. IV in a minor	Purcell 1658-1695
Allegro	
Allegro	
Allegro	
Allegro	
1111	
Gigue en Rondeau	Rameau 1683-1764
Allegro	
Harpichord	
Sonata in C minor for Flute and Harpsichord	Telemann 1681-1767
Allegro	
Allegro	
Allegro	
Allegro	
V	
Sonata a Trois	Leclair 1697-1764
Allegro	
Allegro	
Allegro	
Allegro	

The Three Lawrence Conservatory of Music faculty members who will present a recital of Baroque chamber music Sunday afternoon are flutist Patricia Mann, harpsichordist Miriam Duncan and cellist Frances Clarke Rehl. This second recital on the Lawrence Faculty Series is scheduled for 4 p.m. in Harper Hall, Music-Drama Center. (Post-Crescent Photo)

Jingo Discusses Two
New Cultural Centers

Dreams for Comparable Project in
Fox Cities to Include All Arts

BY JINGO

The Ford Foundation grant of \$197,000 to the actor's workshop of San Francisco to assist in building a theater and the attention directed to the Milwaukee County County War Memorial Center by the "Art: USA: Now" show re-awaken ideas about a cultural center in the Fox Cities.

The Milwaukee County Center, being the closer of the two, may be a good example to explore. On a recent Saturday the lakeside center had a full and varied program. It was a program that could be duplicated in the Fox Cities if a similar center could be raised.

In addition to the magnificent world debut of the art show, the center was housing the tryouts, natural mother (Diana Hyland), for the city's junior symphony orchestra. In another section there was a show of handicraft and in another a demonstration of craft. There were club meetings going on. No one seeing all of this activity could deny that the center was fulfilling its purpose of being

Umeki, as a daydreaming, rain-watching, doll-playing Japanese widow, whose in-laws want to take custody of her unborn child. Another concerns an accused arsonist. The third is a romantic interlude, with Joanna Barnes and her four broken ribs.

7:30-8 (Channel 11)—Mr. Smith Goes to Washington and, while there, he also goes to the dogs a bit. Fess Parker, for reasons best known to him, chooses the hard way in dealing with some ho-bos who refuse to vacate land needed for a playground. He decides to follow the old maxim—if you can't beat 'em, join 'em.

7:30-8:30 (Channel 2)—The Defenders lashes out at some of New York's adoption laws, as it tells one of those nobody-wins-erybody-loses today cases. The natural mother (Diana Hyland), who gave her baby up six years before, now wants it back. The adoptive parents (Milton Selzer and Janet Ward) naturally fight to keep the child.

a living memorial. As busy and commodious as the Center is, it isn't, in its completed state, what was planned for it at the outset of the drive to provide a suitable reminder of the things Milwaukee and Wisconsin boys died to preserve. In the original plans the Center was to contain, in addition to the many club rooms, meeting rooms, art gallery and classrooms an auditorium suitable for lectures and another for attendance at musical performances.

Stage Once Planned At one time, the nucleus of the Center was an ingenious stage fronting on different sized auditoriums for spectacular productions, productions of professional drama and a size adequate for little theater performances.

The San Francisco grant apparently is assuring the theatrical nucleus of its center.

With interest in theater and music as it is in the Fox Cities, it might be wise to aim any Center dreams into those channels first. A complete drama workshop would be conducive to the inclusion of art studios and a gallery since fine arts and lively arts are close partners.

The Milwaukee Center was raised through public subscription and the Ford Foundation grant to the actor's workshop presupposes public support.

Perhaps Here? In the Fox Cities both the Art Theater and the Appleton Gallery of Arts are providing in their plans sinking funds aimed at creating homes for themselves. Both have demonstrated an exceptional public following. It would appear that in time they could realize such a center for the Fox Cities.

With the possibility of help from such a source as the Ford Foundation, perhaps this realization is closer to us than is expected.

Gleason Sets
3 Sketches
With Ghostley

BY TV SCOUT

6:30-7:30 (Channel 2)—The Jackie Gleason Show (no matter what HE calls it, that's what the public calls it) has three bright sketches this week. In one, Alice Ghostley and Jackie are a Brooklyn couple who move out of the city to the North woods—where she has more 'r' than ever. Another is a political debate between the Hon. Reggie Van Gleason and Councilman Elliott Reid. In the third, Gleason, Reid and Frank Fontaine are network executives concerned about ratings. There's also another edition of Jackie's newsreel.

6:30-7:30 (Channel 4)—As usual, Sam Benedict (Edmond O'Brien) and his assistant (Richard Rust) juggle three cases this week. What is unusual is that none of the three is completely resolved by the final rap of the gavel. One case involves Miyoshi

8-10 (Channel 4-5)—Saturday Night At the Movies shows the big 1941 hit, "Three Coins in the Fountain," this week. This beautiful film—Clifton Webb, Dorothy McGuire, Louis Jourdan and Jean Peters. (Color)

8:30-9 (Channel 2)—Richard Boone throws a gunfight on Have Gun, Will Travel this week, and that's about all that's unusual in this one.

9-10 (Channel 2)—Rita Lee has a field day on Gunsmoke, playing a girl who tries to compromise Matt Dillon (James Arness). She's the plaything of one of a pair of ruthless rascals, and vows dire revenge when Matt rejects her. And she nearly pulls off her scheme, too.

Colored Toothpicks Will Make Potato Porcupines

BY CAPPY DICK

Colored toothpicks are fun to use for making things. You can buy them at most variety stores. Some are made of wood and others are of plastic. Either kind will do.

For a starter, use them to make a potato porcupine (Figure 1). Select a small potato shaped like a porcupine. Break some toothpicks in half and stick them into the potato to resemble a porcupine's quills. Press the thick end of each piece into the potato. For legs press small twigs into the potato. Black-headed pins may be pressed in for the animal's eyes.

Next try making a candle cactus (Figure 2). Place two candles in the sun until they are soft enough to mold. Then press them together to form the cactus shape shown in Figure 2. Place the double candle in a candle holder and stick pieces of toothpick into the wax to look like the spines of the cactus.

The candle in Figure 3 is made by sticking a spiral of half toothpicks into the wax, then pressing a small gumdrop on the end of each toothpick.

The potato porcupine is a novelty for yourself. The cactus candle and the candle decorated with the toothpick-and-gumdrop spiral are decorative enough to present to your mother for use as table centerpieces.

(Copyright 1962)

U. S. Will Not Assure Safety of Shipping

WASHINGTON (AP) — The United States has told Britain that this country cannot prevent all anti-Castro shipping raids which might jeopardize British ships in the Cuban trade.

A British statement of concern has brought an American response which seemed in some respects to say that the British ships could only proceed at their own risk.

State Department Press Officer Lincoln White said the matter had been raised with the department by the British Embassy here in connection with the attack some weeks ago by a Cuban exile group on several ships including the British vessel Neulane.

A Cuban exile group calling itself Alpha 66 claimed it carried out the attacks and said it has headquarters in Puerto Rico.

Thursday Alpha 66 said it will hit at any shipping headed for Cuba.

Nervousness Can Add To High Blood Pressure

BY JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: I am a man 48 years old, nervous but physically healthy. The only thing that bothers me is my blood pressure, which is constantly 140 over 95 or 150 over 100. Some times it goes to 160 over 100. I am thin, back to the neck figure. Is that normal? Can a man do anything to lower it? — F. I.

The higher figures are normal but neither are they devastatingly high. My feeling is that you would benefit by being checked thoroughly for the cause of the nervousness as well as for any other factors contributing to high blood pressure.

Nervousness often is part of the cause of high blood pressure. But controlling the nervousness is worthwhile in itself, don't you think?

Job tension and excessive smoking and drinking are common factors causing this type of blood pressure in your age bracket.

Change Attitudes

Your attitudes and living pattern may need changing. Many of us gradually slide into bad habits (including too much tension and worry) as we get into middle age. If we can manage to stand back and see ourselves sometimes suddenly realize that a different way of looking at life can make a distinct change in our nerves and in our health.

Another question: How much do you weigh? Just getting rid of excess pounds is one of the oft-noted methods of making blood pressure normal.

Dr. Molner: Should a child with chicken pox be permitted to be out? We have a neighbor whose 10-year-old child has the disease. She claims very slight. The woman does not believe in doctors except in extreme emergencies. I think it is risky to let her out. Why give chicken pox to others? — MRS. G.C.

Chicken Pox is Contagious

As long as the spots are moist and weepy, chicken pox is contagious and the disease can be transmitted to others. After the spots become dry and scaly the danger is past.

The child should be kept quiet while the disease is active. After it is a virus infection. Rest is the best energy for the system to fight the disease.

Dear Dr. Molner: I lost several pounds on a diet but had difficulty not regaining the weight because I enjoy my snacks. Instead of a snack I now eat crushed ice but am concerned whether this is bad for the teeth or stomach. — G.D.

There's no harm as long as you like cracked ice. Quite a novel idea.

Plamann Leads FVL to 26-0 Win Over Freedom

135-Pound Back Puts on Dazzling Display of Running, Pass Catching

BY DON LEMKE
Post-Crescent Staff Writer

Spearheaded by 135-pound half-back Jack Plamann, Fox Valley Lutheran High School handed Freedom of the Little Nine a stunning 26-0 setback Friday night at Goodland Field. The Foxes are now 5-1 for the season.

He scored twice. The first was on a slick 13-yard slant off left tackle in the second quarter and the second was on a 35-yard pass from Bob Krueger early in the fourth stanza.

The spirited Foxes took advantage of Freedom errors. A sturdy Foxes' defense blocked four Irish advances during the game.

In a game in which the ball exchanged hands 12 times by interceptions and fumbles, there was more than the normal share of thrills. Each team had to adjust quickly to the sudden switches.

Freedom dominated most of the opening quarter action. Coach John Van Egeren's team marched from their own 28 to midfield with the opening kickoff before being forced to punt.

The Foxes' defense had its first real test minutes later when Freedom recovered the first of five fumbles on the FVL 34. Three plays later, after runs by Vance Gervey and Jim Lemke, the Irish were on the Foxes 16. A fumbled pitchout chased Freedom back to the 49, but Krueger hit slippery Dennis Tiedt on a 45-yard touchdown pass two plays later. Verlyn Dobberstein ran off right tackle for the extra point and the Foxes led 7-0.

Garvey's 39-yard jaunter to the FVL 21 once again put Freedom within touchdown distance. They penetrated to the 16 when penalties and the tough Foxes defense pushed them back. FVL took over on downs at the 30.

It was here that the Foxes started a 70-yard touchdown march which produced half of the hosts first downs and much of their overall yardage. A special Turn to Page 8, Col. 2

Green emerged with 30 points and led the Knicks with 16 rebounds. The All-Stars were led in early stages by Leroy Ellis, former St. John's (N.Y.) center now with the Los Angeles Lakers, and in the fourth-quarter surge by Dave DeBusschere, the Detroit Pistons' rookie from Detroit.

Ellis scored 25 points and had 11 rebounds. DeBusschere, who tallied 21, teamed with Ellis, Billy McGill, Utah's top college scorer last year now with Chicago and John Havlicek, Ohio State star now with the Celtics, in the fourth quarter rally.

'No Longer Room for Both'

Bavasi Charges Durocher With Being Disloyal to Walt Alston

BY JOE REICHLER
SAN FRANCISCO (AP) — Emil (Burr) Bavasi, charged coach Leo Durocher Friday with being disloyal to Manager Walter Alston of the Los Angeles Dodgers and said there was no longer room for both on the same club.

Bavasi, Dodger vice president, based his claim on a quote attributed to Durocher at a Dodger party in which Leo purportedly said:

"We would have won the pennant if I had been managing."

Neither Bavasi nor Walter O'Malley, owner of the Dodgers, was present at the party. It was held several hours after the Dodgers had lost the final playoff game for the National League pennant to San Francisco.

Carried Remark
However, several members of the Dodger staff carried the remark to Bavasi who is in San Francisco for the World Series. "Leo's crack was inexcusable and cannot be ignored," said Bavasi.

"Unless he proves to me he didn't say it, he's through, as far as I am concerned. However, I am willing to listen to him. But he'll have to confront those persons who told me and make lies out of them in front of me."

Another Dodger official, who wished to remain unidentified, insisted that the Durocher remark was distorted.

"What Durocher actually said was 'I would have liked my chances with the 4-2 lead going into the ninth inning,'" the official said, referring to the final playoff game the Dodgers lost 6-4 to the Giants.

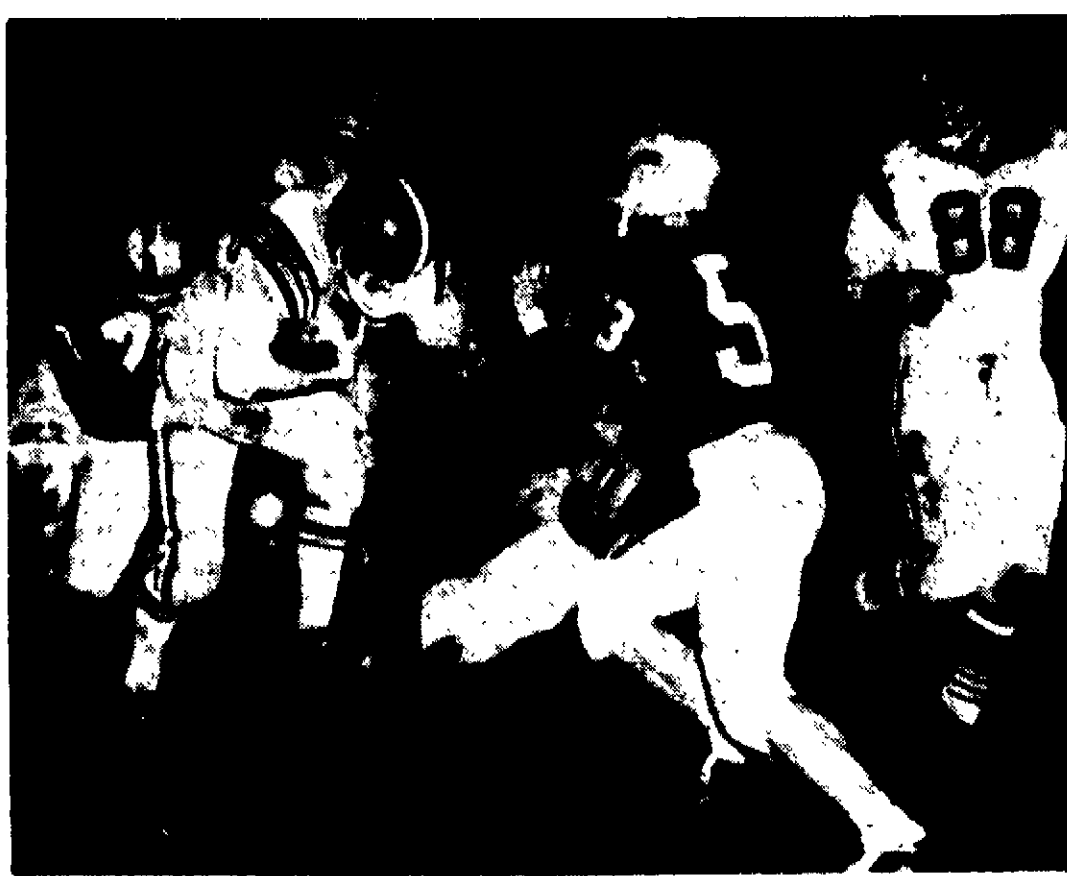

"This was in reply to someone's remark, 'We never would have lost the pennant with Durocher managing.'"

Bavasi refused to be appeased. "I still say Leo was disloyal to Alston," he fumed. "He should have said, 'Don't talk that way about my manager. He did a good job.' That is what Alston would have said had their positions been reversed."

"Also, I'm not at all sure Durocher would have won the pennant. And if he knew a way to win it, then why didn't he tell Alston?"

Blaming Walt
Bavasi, who has always stood by Alston ever since the tall, silent man from Ohio succeeded Chuck Dressen as the Dodgers' manager in 1954, refused to blame his manager for losing the pennant.

"Everyone is blaming Walt," he said. "These are the same people who were singing his praises when the Dodgers were five games in front with less than two weeks to play—and with Sandy opponent."

Vikings Have Many Changes On Offense

Van Brocklin Still Trying to Find Scoring Combination

MINNEAPOLIS-ST. PAUL (AP) — Green Bay's thunderous herd of Packers storm into Metropolitn Stadium Sunday to take on the Minnesota Vikings in a game that, on paper figures to be one of the National Football League's grossest mismatches.

The Packers, thanks to a questionable pass gamble by Detroit which enabled Green Bay to eke out a 9-7 victory last Sunday over the Lions, are 4-0 and well on their way to another Western Conference title. The Packers won on a field goal after intercepting the pass.

The Vikings, still groping for the right offensive combination to generate an offense that can do some scoring, are winless in four outings and have managed to score only 21 points.

Green Bay, boasting a devastating attack led by Bart Starr, Paul Hornung and Jim Taylor, and a defense every bit the match of the Packer offense, is being hailed by some as the greatest professional football team ever assembled.

Against this array of might, the Vikings will try yet another offensive lineup in an effort to shake the scoring doldrums.

Coach Norm Van Brocklin has re-activated end Charley Ferguson, acquired from the Cleveland Browns in early September and then lopped off the squad in the final pre-season roster cutdown. Ferguson will start at flanker back and the 6-5, 223-pound Tennessee State product is expected, to help the Vikings' weak passing attack.

That move shifts erstwhile flanker Jerry Reichow to spread end and rookie Steve Stonebreaker will move from spread end to tight end.

The Vikings have also fired kicker Mike Mercer, and rookie Jim Christopherson will handle the field goal attempts. Another rookie, John McCormick, will do the punting. Tommy Mason will remain at halfback in place of Hugh McElhenny.

Vikings officials are hopeful Sunday's crowd will approach the Metropolitan Stadium record of 42,007. Some 200 bleacher seats have been added in the north end zone and standing room will be sold.

Kimberly High School dominated the statistics but Menasha scored a 12-7 upset in the Mid-Eastern Conference encounter at Kimberly Friday night. In the top picture Dennis Kroner of Kimberly (with ball) is stopped on a kickoff return by Arnie Enz (76) of Menasha and also closing in is Rod Klutz (53). In the lower picture Keith Buchberger (73) of Kimberly was on the receiving end of a 7-yard pass play. Moving up to make the tackle for Menasha is "Rocky" Gmeiner (21). (Post-Crescent Photos)

St. John, Zephyrs Will Clash Sunday

Chuters Eye Initial Victory In Annual Homecoming Contest

BY RALPH MUELLER
Post-Crescent Staff Writer

St. John and St. Mary, two teams that used to be title contenders but aren't going anywhere this season, will clash Sunday afternoon on the Little Chute gridiron. Kickoff time for the homecoming tilt is set for 2:15 p.m.

The Dutchmen are still looking for their first victory of the current campaign. The Zephyrs are after their second Fox Valley Catholic Conference triumph this season.

The lone St. Mary victory came against DePere Abbot Pennings, 20-0. Coach Bill Fitzpatrick's squad dropped a 12-6 decision to the Squires.

Both teams suffered shutouts at the hands of Xavier. The Hawks beat St. John, 34-0, and St. Mary, 41-0.

Fitzpatrick reports his team to be in good physical condition except for Jim Romanesko, who is suffering from a knee injury. Romanesko will not see action Sunday.

The veteran coach said that poor practice conditions this week have hurt preparations for the game. Rain left the practice field partially under water.

There has been two changes in the Chuter starting lineup. Jerry Verbeten has been shifted from guard to fullback, and Jay Lamers has been moved from fullback to a tackle spot.

The remainder of the starting lineup will have Dan Hurst, at quarterback; Bruce Hammen, at left halfback; Larry Van Lankvelt, at right halfback; Gib Hiepas and Dave Van Vreede, at the ends; Bruce Langedyke and Jerry Schaefer or Wayne Baumgart, at the guards; Jim Draheim at the tackle opposite Lamers, and the 230-pound Gene Van Lankvelt, at center.

St. Mary, which lost to St. Mary Springs, of Fond du Lac, 13-6, earlier in the season, is in good physical condition with the entire team pronounced ready for action.

The only player that may see action is Jim Romanesko, who is suffering from a knee injury. Romanesko will not see action Sunday.

The veteran coach said that poor practice conditions this week have hurt preparations for the game. Rain left the practice field partially under water.

There has been two changes in the Chuter starting lineup. Jerry Verbeten has been shifted from guard to fullback, and Jay Lamers has been moved from fullback to a tackle spot.

Bluejays Post 12-7 Win Over Kimberly

Late Rally Falls Short For KHS

BY ED VAN BERKEL
Post-Crescent Staff Writer

KIMBERLY — The Kimberly Papermakers played listless football for three quarters here Friday night and finally began to move in the fourth frame, but it was too late as the Menasha Bluejays claimed a 12-7 decision to spoil Kimberly Homecoming festivities.

The losers had the edge in practically all statistics as they marched up and down the field, only to lose the ball on fumbles, an interception or merely run out of steam when getting into scoring territory. The lighter Jays fought Kimberly to a standstill and some tricky ball handling by George Massey and Rocky Gmeiner kept the Papermakers busy.

Menasha kicked off to Kimberly to open the game and after three running plays netted eight yards the Papermakers were forced to punt. A 29-yard kick gave the Jays the ball on their own 46 yard line. With Gmeiner and Massey alternating the Bluejays began marching to the Kimberly goal. Picking up three and four yards at a time the winners moved for three first downs to the 6-yard stripe.

Touchdown Pass
A pass from Massey to John Ashenbrenner was good for six yards and the touchdown. An attempted pass for the extra point failed. Kimberly was unable to move after the kickoff and was forced to punt. The winners were contained deep in their own territory and punted to the Kimberly 41-yard stripe.

The Papermakers began to move as the second quarter opened and marched from their own 41 to the Menasha 15-yard stripe. A pass by Dennis Kroner was picked off by Bob Klapper of the Jays on the 5-yard line and returned to the eight to halt the Kimberly advance.

The Jays chalked up two first downs before being forced to punt and Kimberly took over on their own 25-yard stripe. Once again the Papermakers began to move only to lose the ball on the Menasha 22 when Kroner fumbled and Bob Weber of Menasha recovered. As the half ended the Jays punted from their own 43 to the Kimberly 21.

Menasha Scores
Menasha received the second half kickoff and marched from their own 40 to the Kimberly 10 before losing the ball on downs. A 15-yard penalty on Kimberly helped keep the drive going near Turn to Page 8, Col. 5

2 Postponements First in Series Since 1911 Record

Sanford Now in Line for Chance to Pitch on Sunday

SAN FRANCISCO (AP) — Rain downtown hotel windows. Even on a sunny day, Candlestick has its well-publicized wind tunnel.

Commissioner Ford Frick, who threatened plans to resume play Saturday at 2 p.m. EST.

An all-night rain soaked the outfield grass at Candlestick Park, tugged at the infield tarpaulin and threatened to carry it away despite a number of 35-pound weights.

If they had tried to play ball, this could have been the day of the first 900-foot home run in the winds that made it difficult to open doors and shattered glass in

90 Per Cent Chance
Nobody really expected to play. For the weatherman had predicted a 90 per cent chance of rain last night. Belmont Park should have such a good handicapper. His latest forecast for Saturday was for scattered showers. However, the wind gusts should help dry the outfield area. Ironically, this is the field Alvin Dark was accused of watering to slow down the Dodgers in regular season.

Billy Pierce, the stylish lefty who never has lost at Candlestick, where he has a 12-0 record, still is slated to be the pitcher for the San Francisco Giants. Manager Dark did say he might switch to Jack Sanford for Sunday if Saturday's game also is washed out.

Whitely Ford, winner of a record 10 World Series games, will be the New York Yankee pitcher. Ford has many duels in the days when Pierce was with the Chicago White Sox. Against the Yanks he has a lifetime record of 25-38.

The Yankees need only one more victory to close out the Series, for they lead 3-2 in the best-of-7 competition. Both pitchers are well rested. Pierce hadn't worked since Sunday, when he lost the third game at New York 3-2. Ford pitched the opener Oct. 4 and tossed six innings Monday before he was taken out for a pinch hitter with the score tied 2-2.

Most observers feel that the rainout gives the Giants a break. Straight Badger Conference vice-Ralph Houk, Yankee manager, was set with his pitching order. Sheboygan continued its of Ford and probably Ralph Terry winning ways in the Fox River for the seventh game Sunday, if Valley Conference by trouncing necessary. The extra day of rest Green Bay East 27-7. Plymouth enabled Dark to move Sanford and New Holstein, one-two in the line for Sunday's seventh Eastern Wisconsin Conference game with three full days of rest.

Clubs Healthy
Except for the pitching rotation, the rain didn't seem to make much difference. Both clubs are healthy. Both are waiting for Coach Burton Hable's boys come through to pitch victory No. 16 their "big men" to start hitting. In a row over the past three seasons Milwaukee rushed for 527 yards.

Turn to Page 8, Col. 1

Ted Fritsch Has Surgery

GREEN RAY — Premontre night will face Xavier without for a full week between the third Coach Ted Fritsch, who under-and fourth games. The six-game went surgery Friday morning series covered 13 days.

Fritsch has been hospitalized. This series already is sure to go since Wednesday for what report to its 10th day and the way things have been going, the boys are edly is a kidney ailment.

Gerry Mostek, former St. wondering if they will be home Norbert gruder who has been for Thanksgiving.

Fritsch's assistant, will assume The Yanks still are favored the head coaching duties tonight 6:15 in the sixth game and 3:15 (7:30 p.m.) at Goodland Field. for the Series.

UCLA Rolls Over Colorado State

Kentucky Trims Detroit, 28-7; Mississippi State Trips Tulane

BY BOB GREEN
Texas and Penn State—two of the nation's top college football teams—take unbeaten records, their high rankings, the role of favorites and a certain amount of apprehension before regional television cameras today.

Texas, ranked second in the nation, goes against old foe Oklahoma (1-1) in their annual clash in the Cotton Bowl, while Penn State 'No. 3' visits the U.S. Military Academy and Paul Dietzel's Army platoons.

Each of the ranked teams is 3-0 for the year and each goes in as a favorite, Texas by 13 points, Penn State by 5. In each case, however, there's cause for concern.

Texas has a powerful offense, built around fullback Ray Poage and shouldn't have much trouble. But the 51-game series is loaded with upsets and this could be the one in which Bud Wilkinson's sophomore-studded Sooners decide whether they are boys or men.

Penn State has been impressive in whipping Navy, Air Force and Rice, but Coach Rip Engle fears the spirited, three-platoon Army crew may be on the rebound from last week's loss to Michigan.

Both games will be telecast (CBS-TV) regionally, as will the Michigan-Michigan State affair in East Lansing, Mich. Michigan State, upset in its opener, figures to have too much speed for its state rival. Each is 1-1.

In major games Friday night, UCLA won its second straight, 37-7, over Colorado State, fullback Perky Bryant scored three touchdowns on short drives and led Kentucky to a 27-8 triumph over Detroit while Mississippi State whipped winless Tulane 35-6 in a Southeastern Conference game.

Alabama, 3-0 this season and ranked No. 1, is a heavy favorite over hopeful Houston. The Cougars won their first two games, then fell before Mississippi last week.

Plymouth Undefeated
Plymouth, undefeated in Eastern Wisconsin Conference competition, rolled past Brillion 20-7 for victory No. 5. New Holstein, close behind with four wins and a tie, blanked Oostburg 25-0. The league championship will be settled Friday night at Plymouth when the unbeaten clash.

Stoughton rolled up 386 yards in its 35-0 victory over Wisconsin High. Steve Strom scored twice on a run of two yards and a seven yard pass from Luther Selbo Stoughton has lost only to Milwaukee Messmer this season, 14-0.

The Wisconsin Valley Conference lead will be at stake when Rhinelander, 3-0, invades Schofield, 2-0, this afternoon.

Church Cage League Hits 8-Team Quota

Eight teams signed up for the Appleton Recreation Department Men's Church Basketball League meeting Thursday night.

The teams and managers present were Sacred Heart, Jim LeComte; St. Mary, Dave Geenen; St. Bernadette, Gary Emmers; St. Joseph, Don Marx; St. Paul, Don Schroeder; St. Pius, Jack DeBruin; and Zion, no manager as yet.

No more teams will be accepted in the circuit unless one of the eight teams drops out. The loop will start play Nov. 6.

Naragon Named Coach by Twins

MINNEAPOLIS-ST. PAUL (AP)—The Minnesota Twins asked waivers on bullpen catcher Hal Naragon Friday with the aim of obtaining his unconditional release so he can be signed as a coach.

It would bring to an end the 14-year professional career of Naragon, mostly with the Cleveland Indians.

Naragon would be signed to replace Twins coach George Strickland, who resigned at the close of the season.

Naragon, who was 34 years old Oct. 1, appeared in 24 games this season, hitting .229.

They'll Do It Every Time

Verlyn Dobberstein (with ball) crashes into end zone for Fox Valley Lutheran's third touchdown in the third quarter of Friday night's game with Freedom. Jack Wolslegel (37) and Gary Mattek (34) help to clear the way for the scatback. FVL won the game, 26-0. (Post-Crescent Photo)

Second FVCC Win

Pennings '11' Hands Lourdes 6-0 Defeat

Post-Crescent News Service
DEPERE — Abbot Pennings blanked the Knights of Oshkosh Lourdes, in a hard fought game 6-0, at Minahan Stadium Friday night. It was the Squires second victory against two defeats in the Fox Valley Catholic Conference.

Lourdes had only lost one game before last night and were considered a top contender for the league title.

The Squire defense sparked in holding Lourdes running attack and recovering four of the six Knight fumbles. Jerry Wieland intercepted two passes for the Squires; one of them he returned 55 yards for a touchdown, only to have it called back because of too many men on the field. Two plays later however, he again intercepted a Lourdes pass and returned it for 10 yards.

Bradley Nuss, the Squires tough

sophomore fullback lead the offense in picking up 94 yards in 20 attempts for a 4.7 average. He also scored the Squires lone touchdown.

Pennings, who were expected to take to the air, did just the opposite gaining 198 yards on the ground and only six via the arm of quarterback Steve Nicks.

Lourdes finding no running room, tried the pass and picked up 50 yards through the air. Quarterback Tim Purtell completed 5 out of 10.

On the ground, speedy Knight halfback, Chuck Grable racked up 92 yards in 21 attempts to keep the Knights in the game up to the finish.

Late in the first quarter Pennings took the ball on their 43 yard line after a punt by Bob Celichowski of Lourdes, and marched 57 yards for the only score of the game. Nuss made what proved to be the winning touchdown on a plunge from the 2-yard line, with 1:35 left in the first period. Doug Larson missed the point after. The first quarter ended with Pennings out in front, 6-0.

Bavasi Raps Durocher

Continued from Page 7

Koufax out with an injury for two months.

"It wasn't Alston's fault that the players stopped hitting, that the fielders missed some balls and that the runners were picked off base. He couldn't swing the bat for them when they were shut out three straight games."

Bavasi said he did not know whether Alston would be rehired. "That's up to Mr. O'Malley," he said. "He owns the club. It's his money. He makes the final decisions. I just make recommendations. I know how Alston stands with me. But I don't know where he stands with Walter (O'Malley)."

O'Malley apparently is on a hunting trip in Wyoming and is expected at his desk on Tuesday. Bavasi said he most likely would meet with O'Malley shortly after that when both Alston and Durocher's fate will be decided.

Durocher, who is in Los Angeles, was not immediately available for comment. Leo, a former pennant-winning manager with the Giants in New York, was hired by the Dodgers as a coach after he claimed he was being blacklisted in baseball.

Marathon Ramblers Win Thrice, Lead 'Y' Volleyball Loop

The Marathon Ramblers (5-1) took over first place in the Appleton YMCA Fellowship Volleyball League Thursday night with a clean sweep of three games over Marty and Larry's.

Foremost Dairies grabbed three matches from Main Office. The Y's Men lost the opening match, 13-15, to the Marathon Rams before rallying to capture the last two 15-3 and 15-13.

Elaine Mignon Raps 523 at Little Chute
LITTLE CHUTE — Elaine Mignon amacked a 523 series to set the pace in the Wednesday Nite Ladies League at the Recreation alleys.

The top singleton was a 194 county by Bonnie LaNoble.

Bluejays Tip Kimberly in Homecoming

Continued from Page 7

The 30 yard stripe. The Papermakers got started.

A partially blocked punt sailed only 17 yards putting Menasha in position on the Kimberly 34 yard line. The Jays stayed on the ground and aided by a 5-yard pass play from Massey to Gmeiner and a personal foul by the Papermakers moved in for the score. Gmeiner plunged 3-yards into the end zone for the score.

Kimberly took the kickoff and began its 66-yard touchdown march shortly before the end of the third period. Alternating running and passing the Papermakers moved into position with the 1-foot line shortly after the opening of the fourth period.

Still in Game
Kroner kicked the extra point to raise the hopes of Papermakers fans. The losers tried an on-side kick, but a Jay lineman recovered giving the winners possession on their own 46-yard stripe.

The Kimberly defense dug in and refused to give Menasha an inch forcing a punt which Kimberly took over on their 20. With Kroner, Tom Bogenschneider, Hal Wentzel and Keith Buchberger grinding out yardage on the ground and Kroner hitting Lee Levknecht and Gerald Wyngaard, big ends, the Papermakers moved to the Menasha 35-yard line where a hand-off was fumbled and Ash-brenner recovered for Menasha.

Once again the Kimberly defense rose to the occasion, forcing the Jays to lose two yards in three running plays. The Jays' punter to the Kimberly 28 where once again the losers began to move. Hampered by penalties in the closing minutes of the game, the Papermakers were forced to give up the ball on the Menasha 35 and the Jays ran out the clock.

Helen Mitchell Slams 527 Set

Helen Mitchell slammed a 200 game and a 527 series to lead the Five by Eight League at Hahn's Lanes in the latest round of action.

Appleton Pharmacy and Sam's Pizza share the league lead with 10-5 records.

Other honor scores included Cleone Rohloff, 514; Harriet Fulton, 194-508; Julie Williamson, 192 and Jane Dengel, 190.

Dick Williams Sold By Baltimore Orioles

BALTIMORE (AP)—The Baltimore Orioles announced Friday the sale of baseball outfielder Dick Williams to the Houston Colts. It was a straight cash transaction but the price was not revealed.

Williams hit .247 in 83 games with Baltimore this year but batted .419 with 11 runs batted in as a pinch hitter.

Wrightstown Ties Omro, Retains Lead

Tigers, Foxes Deadlock, 7-7, in Little 9 Feature

WRIGHTSTOWN — The undefeated Wrightstown High School football team battled Omro to a 7-7 tie to retain the Little Nine Conference lead here Friday afternoon.

Omro scored the first time it owned the ball, and Wrightstown scored on its first offensive opportunity of the second half. In between those scoring thrusts, both teams gained rather freely, but the defenses played inspired ball when their goal-lines were threatened.

The Foxes' Ron Beiber sprinted 24 yards for a touchdown to cap a 74-yard drive after the game's opening kick-off. Bob Olkiewicz kicked the extra point.

Omro Holds
Twice in the first half, Omro held for downs deep in its own territory (on the 15 and 9-yard lines). John Lamers' 58-yard run from scrimmage set up one of the Tigers' scoring opportunities, but they were unable to cash in.

After the second-half kickoff, which was returned to the Wrightstown 45, the Tigers marched 55 yards in eight plays. The first seven plays were on the ground, but the payoff came on a 10-yard pass, quarterback Dale Schmidt to halfback John Lamers. Schmidt ran across the game-tying PAT.

Wrightstown piled up 246 total yards, to 215 for Omro. The Tigers completed six of 16 passes, but two of them were intercepted at critical times. Omro completed 47 of 100. Wrightstown posted a 17-12 first down edge.

The Tigers' John Lamers led both teams in rushing, with 123 yards. Ken Vandefey, filling in for halfback Bill Kussow, gained 48 yards. (Kussow, who had been on the injured list, played only on defense). Fullback Bob Gerenc gained 30 yards.

Bobby Lee led Omro with 106 yards rushing. Olkiewicz added 59 and Beiber 50.

St. John to Face Zephyrs

Continued from Page 7

only limited duty will be Tom Heroux. The pint-sized guard is suffering from a sore shoulder. He is slated to perform his punting duties fulltime, however.

Sophomore Bob Vissers and Tom Simon are the starting ends on the offensive unit. The remainder of the lineup has Joe King and John Roedel, at the tackles; Jim Buell and Ken Wagner, at the guards; Jerry Porsche, at center; Bill Martin, at quarterback; Mike Rausch and Chuck Hoernke, at the halfbacks; and Dick Jensen, at fullback.

Steve Schmidt and John Timm move into the lineup at the end positions on defense. Tom Morrell and Dave Meier, a pair of sophomores, romp in the defensive backfield.

Other defensive performers that usually see action for the Zephyrs are Dave Birling, at end and halfback and Jim Helback and Dick Roth, at tackles.

Marty Pivich will undoubtedly see a lot of action at offensive guard.

Slumping Mantle Gives Credit To Giants' Pitching Staff

BY JACK HAND
SAN FRANCISCO (AP)—Slumping Mickey Mantle, with only two hits in 18 at bats in the World Series, suggested today the pitchers get a little credit.

"I haven't been feeling better physically in a long time," said the New York Yankee center fielder. "I have been getting good balls to hit and I have felt good swinging."

"You have to give the pitchers credit. They have been pitching very well to us, just like our pitchers have been pitching good to their hitters."

"A lot of the so-called big hitters aren't having much of a series."

Mickey didn't mention any names. He didn't have to. All you had to do was look at the composite box score of the first five games.

Hitting Only .111
Mantle is hitting only .111 but he is doing better than Orlando Cepeda, the San Francisco Giants' slugging first baseman, who batted .306, hit 35 homers and drove in 114 runs during the regular season. Cepeda still is looking for his first hit with a horrible 0-for-12 record. Giant Harvey Kuenn, a .304 batter, also is hitless with an 0-for-8 mark.

Despite a three-hit performance in the opener, even San Francisco's Willie Mays is having a sub-

Ron Morris Again Beats Pole Vault Record Holder

OMIYA, Japan (AP)—America's pole vaulter Ronald Morris again beat world record holder Pentti Nikula of Finland in their specialty on the second day of the 3-day Japan National Track and Field Meet here Saturday.

Morris cleared the bar at 15 feet, 9 inches in his first trial.

Nikula, who holds the world record of 16-2 1/2 set in Finland last June, failed to make the height in three attempts.

It was the third time Morris, 27-year-old teacher at Los Angeles College, beat Nikula since they met three times in Finland last August.

In third place was Kuniaki Yamazaki, Japan national record holder for the pole vault with 14-9. Yamazaki tied his own national record which he set this year.

Americas Whip Canadians by Eight Strokes

Deane Beman Paces U. S. as Team Retains Eisenhower Cup

BY ALAN CLINE

KAWANA, Japan (AP)—American amateur golfers, putting on the pressure in the final 18 holes, retained the Eisenhower Cup Saturday by whipping a surprisingly strong Canadian team by eight strokes over-all in the third World Amateur Golf Team Championship.

Deane Beman, already a veteran at international golf at 24, led the four-man U.S. team in thwarting a Canadian challenge with a brilliant 66 on the difficult par-70 ocean-rimmed Fuji course.

Dick Sikes, America's public links champion, finished with a 69 and National Amateur Champion Labron Harris Jr. had a 70, giving the Americans a 205 Saturday total and a 72-hole team total of 834 strokes.

The Canadians, beginning the final round two strokes behind, got 69s from Gary Cowan, the tournament's low individual shooter, and Bob Wylie, who had been off his game until the final round, and a 73 from former Canadian amateur champion Nick Weslock.

Total Was 862
Canada's four-round total was 862. In the world team competition, four men play for each nation, but only the three lowest scores are counted in the team's daily total.

The combined Britain-Ireland team placed third with 874 and New Zealand was fifth with 882. Trailing them were Mexico with 887, Formosa with 892, Australia with 892, South Africa with 896, Japan with 902 and Argentina with 905.

For the Americans it was fortunate they could discard the day's high score.

Billy Joe Patton, Morganton, N.C., started off with an 81, while his Canadian opponent of the day, Bill Wakeham, scored a 78.

This put the Canadians ahead by one stroke, but Beman's 66, accomplished with phenomenal putting, brought the United States back in the lead.

Cowan, the 1961 Canadian amateur titlist, took low individual honors with rounds of 68-71-72-69—280, par golf and three strokes better than Sikes' 69-76-69-69—283.

Slumping Mantle Gives Credit To Giants' Pitching Staff

par series with a .238 batting average. Yankee Roger Maris is way down at .188 but he has had three key hits and has driven in four runs in addition to doing some albert base running.

Hook Not Upset
Ralph Hook, the Yankee manager, isn't too upset about Mantle's slump. He, too, spoke highly of the pitching on both sides.

"Mickey has looked pretty good at the plate," said Hook. "He is swinging good but he is looking way down at a lot of good pitching. I don't think it is the hook they have on Mantle or our other hitters. I give all the credit to the guy on the mound."

"There isn't a club in baseball that you don't know how to pitch to the hitters. Somebody always has played with the fellows on the other club. But the big thing is having the pitcher who can do the job."

"The Giants have had good pitching. So have we. When everybody talks about our weak pitching staff, they forget there is a big difference between a 162-game season and a seven-game series."

Dallas Texans Praised After 27-7 Triumph

Coach Calls It 'Greatest Game' In Beating Boston

BOSTON (AP) — The Dallas Texans today bask in the compliments of Coach Hank Stram who calls their 27-7 American Football League victory over Boston "your greatest ever."

Winning their fourth game in five starts and at least temporarily tying Denver for the Western Division lead, the underdog Texans also knocked the Patriots from their share of first place in the Eastern Division Friday night.

Superb pass catching by Chris Burford, Abner Haynes' two touchdowns and a stalwart defense got the job done.

Stram walked into the Dallas dressing room and told the players:

"You've played some good games in our three years together but this was your greatest ever. "I've never been so happy about a football game, it was the kind of effort you dream about."

Burford caught nine passes for 140 yards and a score. The yardage was an all-time team high for a receiver and Burford was given the game ball by his mates.

"Burford had had many great games," Stram commented, "but this was our best in getting the ball to him."

"Burford plays against us like he owns us," Holovac countered.

Quarterback Len Dawson, who "makes a helluva difference in that club" according to Holovac, completed 16 of 31 passes for 302 yards and two scores—a personal one game high. Dawson currently leads the AFL in touchdown passes (13). Burford in scoring passes caught (7) and Haynes in touchdowns (10—6 against Boston).

"I thought the way Boston stacked its defenses against the running to Haynes helped us," Stram reflected. "It opened up other avenues for us."

Haynes scored on a 2-yard burst in the second period making it 10-0. After Boston closed the cap on a 44-yard Babe Parilli-to-Larry Garrison aerial, Dawson combined with Haynes. Rookie Tom Brooker made good on his first pro field goal try and added another later.

San Diego plays at Buffalo tonight. New York visits Houston's Eastern Division leaders for the televised game Sunday while Denver, currently tied with Dallas at 4-1, is at Oakland.

Eddie Flood Hits Leading 657 Pin Set

Gene Anderson slammed a 334 game, and Eddie Flood socked a 657 series to share honors in the Grocers League at the 41 Bowl Thursday night.

Flood had a 233 singleton and Anderson (finished with a 588 series. North Star Oil and WAPL (17-7) are tied for first place.

Other honor scores included Wayne Steinberg, 601; Don Sprague, 573; Bob Fender, 568; Bob Greinert, 565; Conny Knaus, 555; Ed Erdmann, 555; Clem Quella, 554; Keith Gehring, 550 and Don Schuber, 555.

Ray Sanders hit a 552 series for the only honor score in the Valley Iron Works League at the Barn Tavern Alleys recently.

The Foundry (7-5) leads the league with the Rod Burners and Scrappers tied for second, one game off the pace.

Kimberly Church Names New Pastor

Rev. Kosanke To be Installed in Oct. 21 Ceremonies

KIMBERLY — The Rev. Fred. eric Kosanke, Goodhue, Minn., has accepted a position as pastor of Mount Calvary Lutheran Church and principal of the school affiliated with the church.

He will succeed the Rev. Elwood Habermann who left the parish in July. The new pastor will be installed in ceremonies at 7 p.m. Oct. 21, with the Rev. Sylvester Johnson, Appleton, vacancy pastor, as installing officer. The sermon will be delivered by the Rev. Orvin Sommer, Greenville, conference visitor.

Waterloo Native
The Rev. Mr. Kosanke was born in Watertown and attended elementary schools there, Lomira

St. John High School, Little Chute, held its Homecoming Friday. Members of the Homecoming court, left to right, are Mary Ann Hermesen, Carol Hermesen, Margaret Weyenberg and Mary Vander Velden. Co-Queens are Joyce Schumacher and Donna Jensen. Not seen on the photo is Sharla Romanesko. (Post-Crescent Photo)

Build Good Image Red Cross Advised

Board Member Tells Conference Misunderstanding Is Problem

Misunderstanding is the biggest problem the Red Cross faces, a board member of the American National Red Cross Board of Governors said Friday at the concluding session of the state conference in Appleton.

Samuel C. Coupland Jr. of Oskaloosa, Iowa, gave the 600 delegates at the Wisconsin State Red Cross Conference some practical pointers on how to improve the public image of the organization.

Findings Noted
He based his talk on the findings of conferences held by national and area Red Cross officials with professional public relations men, at which the officials asked for a critical evaluation of the organization.

Consensus at the conferences was that too many persons regard the Red Cross as a cold organization having little sympathy for the people involved in a disaster or emergency, and as bureaucratic, benevolent and impersonal, Coupland said.

"I believe that this is a minority opinion," he stated, but if this is a problem, let us be aware of it.

Theme Praised
He praised the theme of the state conference—"Understanding Red Cross, Our Helpful Neighbor"—for providing help in this area.

"We have an obligation to the people who support Red Cross to make them aware how their money is being spent and how the volunteer hours are being spent," Coupland said. "We owe it to them to tell them what we are doing with their money, in order to make good friends and build backing for the years to come."

You are working with a complex organization, he told the volunteer workers, and you must improve understanding of it at the grass roots, within your own organization.

He urged them to use professional help and to use to better advantage local news media to balance the local image of the Red Cross with the national image. Stay on the ball the year around, he said, noting that often local publicity is adequate only during fund drives.

Improvement Urged
He advised them to improve understanding of Red Cross work

Appleton Labor Hears Carley

Democrat Candidate Takes Swing at GOP Record in Wisconsin

David Carley, Democratic candidate for lieutenant governor, said Friday that "Republican candidates for office in Wisconsin offer nothing in their party platform or in their campaign speeches that would serve to resolve the serious problems that face Wisconsin cities in the years ahead."

Carley, in a speech prepared for delivery at a luncheon with Appleton labor leaders at Bernie's, said "Republican candidates for office in Wisconsin would offer aspirin to our cities in the face of their needs rather than penicillin."

Carley said "the Republican campaign in Wisconsin this year is a campaign against state responsibility to Wisconsin cities, against programs for urban renewal, against clarifying annexation procedures, against solving problems of mass transportation, against equal representation for the city voter and against job security for the urban worker."

"Republican candidates this election year are consistent with their record in office in past years. While in the governor's office and as members of the legislature, they neglected the increasing needs of our cities and offered a little by way of programs that would solve the problems of increasing urban growth."

"We need aggressive programs of state legislative action. We need energetic leadership and the kind of state interest toward Wisconsin municipalities that will not abort their growth and their development."

"We need the type of state action that protects the health and vitality of our cities; that helps to build a sound economic base that offers adequate recreation facilities, provides helpful provisions rather than offering those that cripple city growth, and that offers renewal programs that make cities attractive to the eye and build their economy."

Henry John Van Haelst, route 4, Appleton, was held without bond in the Outagamie County jail after he appeared in County Court, Branch 2. Judge Gustave Keller continued the case until Monday.

Van Haelst was arrested Thursday after he called a waitress at an Appleton restaurant. While he was on the phone, a second waitress used another phone to alert the telephone company that a man was making an obscene phone call.

The telephone company, after notifying police, put a hold on the connection, which, when Van Haelst hung up, did not break the connection. The phone call was then traced to Van Haelst's number.

Kaukauna Dairy Plans Addition

KAUKAUNA — A building permit to construct a concrete block addition to Kaukauna Dairy, 211 E. Fourth St. was issued Friday to A. H. Nimmer, general contractor for the job, by the engineer's office.

Also planned is a 20 by 30-foot loading platform. The new building, with a built-up roof, will be used for storage. Estimated cost of the project is \$13,000.

Airport Testimony Ends as Commission Mulls Decision

Kimberly to Have Referendum Vote On Swimming Pool

Facility Would be Built With High School Under Construction

KIMBERLY — The board of education Thursday night voted to have an advisory referendum Nov. 13 on whether the school district board should make financial arrangements for construction of a swimming pool in conjunction with the high school now being built.

Board members were hopeful the referendum question could be placed on ballots for the regular fall election, but this was not feasible in the Townships of Buchanan and Harrison since these townships are divided into several school districts.

The special elections will be held from 7 a.m. to 8 p.m. in the lobby of the high school gym. All eligible voters in the Kimberly school district may cast ballots.

Costs Estimates
Original cost estimates on the pool were \$250,000. The board of education did not include the pool in the original referendum question on whether a school should be built for fear of objections

which would delay construction of the high school.

If approved, the board of education will have built an L-shaped pool suitable for year-round use. Main section of the pool would be 80 by 42 feet and the diving area would be 42 by 42 feet. The pool would be designed for swimming meets and have two diving boards.

Estimated capacity of the pool would be 500 persons. It would be open to all residents of the school district and would be used in conjunction with the physical education program at the school. The district board of education would be responsible for maintenance and operation of the pool.

In other action board members denied a request from Outagamie County Teachers College to permit student teachers to do practice teaching in the Kimberly school system.

Appleton Firm Held for Hurting Girl

A 26-year-old Appleton man is being held by Oneida County authorities over the weekend after police say he attacked and injured his former girlfriend while she slept in her home at Lake Tomahawk.

James Mollot, 1009 W. Wisconsin Ave., was taken to St. Mary's Hospital in Rhinelander for observation. Mollot had been injured when he was struck on the head by a shotgun butt by Cyrus Koperski, Lake Tomahawk, father of Mollot's former girlfriend.

Sheriff's department authorities said Mollot went to the Koperski home to see Mary, 20, sometime after midnight Friday. Mollot demanded to see the girl but was told she was sleeping.

Police said Mollot broke down the door and rushed into the girl's room where he tipped over the bed, Koperski got his shotgun and hit Mollot, knocking him down. He then called the sheriff's department.

Miss Koperski was taken to a physician in Minocqua where she was treated for injuries received in the brief scuffle. Mollot is being held until Monday, when he will be held from 9 to 11 a.m. and charges may be filed against him.

Postpones Program

NEENAH — Theda Clark Hospital Auxiliary's orientation program scheduled for Monday has been postponed until Oct. 29 and held until Monday, when it will be held from 9 to 11 a.m. and charges may be filed against him.

Budget Hearing Schedule For Appleton Announced

It's budget time in the City of Appleton.

City Clerk Elden Broehm has announced the schedule of hearings on the 1963 budgets proposed by the various governmental agencies.

The common council's examining committee will launch its deliberations on Monday, Oct. 29. The schedule follows:

Monday, Oct. 29—7:10 p.m., library board; 7:30 p.m., vocational school; 7:45 p.m., parking meter department; 7:50 p.m., electrical inspector; 8 p.m., police department; 8:30 p.m., fire department.

Tuesday, Oct. 30—7 p.m., city treasurer; 7:15 p.m., city assessor; 7:30 p.m., city attorney; 7:45 p.m., building inspector; 7:55 p.m., scaler of weights and measures; 8:15 p.m., plumbing inspector; 8:30 p.m., welfare department.

Winnebago County DA Leads Opposition to New Outagamie Jet-Age Field Construction

BY JAY REED
Post-Crescent Staff Writer

A decision on whether or not state and federal monies will help build a jet-age airport in Outagamie County rests today somewhere in the midst of a maze of testimony gathered by the Wisconsin Aeronautics Commission during a two-day hearing which ended here about 8:45 Friday night.

There was no official indication of when that decision would be made.

In an effort to bring the hearing to a conclusion before the weekend, Trial Examiner Fritz Wolf kept the meeting in session through the lunch hour, adjourning briefly until 2 p.m. There was no break for supper.

Testimony will be evaluated by the commission. It will be a managed job for 35 witnesses for and against allotment of tax funds toward the construction of the field.

At least two appeared twice. And, in nearly every case, each witness underwent lengthy and searching cross examination.

Supporters of Outagamie County's petition for state and federal participation in its airport program concluded their testimony at 4:30 Friday afternoon. Twenty-three persons gave evidence during this phase of the hearing.

Leads Opposition
Winnebago County Dist. Atty. Jack Steinhilber led off the opposition's case by reading into the record a statement which listed nine reasons why Winnebago County opposes the expenditure of federal and state monies on the proposed airport.

"It is not our position," Steinhilber said, "that Outagamie County should not have an airport for general aviation which, indeed, it has had for many years. It is our position, however, that the proposed facility for trunk line airport at this location is not justified by public need."

"It is not our position that the people of Outagamie County should not have convenient and accessible airline service. It is our position that such service is already available to them at both Austin - Straubel and Winnebago County Airports."

"It is not our position that air service in the Fox River Valley has reached its peak in number of flights or in type of service. But we feel that dividing up the existing service further could only be injurious to all concerned."

"Not Justified"
In conclusion, it is respectfully submitted that this proposed facility on this site is not justified from the standpoints of location, public convenience, fiscal prudence or common sense."

The man who held the stand longest throughout the hearing was John L. Donoghue, president of the Ralph Burke, Inc., firm of airport engineers, who prepared a master airport plan for Outagamie County.

After reviewing the plan in detail, Donoghue was subjected to searching cross-examination from Steinhilber, Robert Smith, Green airport manager, and others opposing the petition.

Witness Recalled
August W. Compton, San Francisco, president of the Leigh Fischer firm of airport consultants which surveyed Outagamie County's airport needs, was one of the two witnesses recalled for additional testimony. Compton first testified Thursday.

The thing that this community is trying to do is within the policy of the State Aeronautics Commission. They also mission, Compton said. There is nothing to indicate, he testified, that local airlines will not be using turbo prop or full jet aircraft in the near future. "North Turn to Page 10, Col. 1"

Estimated timetable for the addition, which will be built directly behind the present building, is for construction to start next April and be completed about April, 1964.

Sommerfield said the addition, which in itself will be almost twice as big as the present union, will cost an estimated \$1,000,000. Detailed architectural drawings are now being prepared and should be ready for submission to the state for approval sometime in February, he added.

The present union cost about \$700,000 to build and equip and contains 37,500 square feet of floor space. The addition will have 60,000 square feet.

Construction will be financed through student fees and operating revenue of the Union. No state tax funds are being used, Sommerfield said.

The Oshkosh architectural firm is Sandstedt - Knoop - Yarbro is the architect of the State Aeronautics Commission. They also mission, Compton said. There is nothing to indicate, he testified, that local airlines will not be using turbo prop or full jet aircraft in the near future. "North Turn to Page 10, Col. 1"

Members of the planning committee for union expansion are Sommerfield, chairman; Kenneth Thomas, assistant union director; secretary; Dr. Roger Guiles, Dean E. O. Thedinga, Mrs. Ruth Nelson, Dr. James Duncan, Robert Quast, George Lundgren and student members Steve Kargus and Gerald Portman.

Neenah Police Search Area For Worker

NEENAH — A Milwaukee salvage company worker is the object of a police search today.

Neenah police said the man, driving a red 1946 or 1947 Chevrolet stake truck, picked up \$40-\$50 worth of grinding wheels from the Neenah foundry with the understanding that he would take the salvage items to the Galloway Milk Products Company on South Commercial Street, Neenah, and have them weighed.

The man was then supposed to return to the foundry and pay for the wheels.

The grinding wheels were weighed in at the Galloway company, Neenah police reported, but the man never returned to the foundry to make payment. He was identified as about 40 years old, 5 feet 8 inches tall and weighing about 190 pounds.

Neenah Man Travels to Los Angeles Meeting

NEENAH — The executive secretary of the Neenah - Menasha Chamber of Commerce, John G. Konrad, left this morning for a two-day conference of American Chamber of Commerce executives in Los Angeles.

Konrad is a member of the national group's inquiry procedure committee.

R. E. Finney Jr.

Author Will Present Talk To Adventists

R. E. Finney Jr., author and evangelist, will speak on "Inside Germany and Behind the Iron Curtain" at 7:30 tonight at the Knights of Pythias Hall. The talk begins a three-week program sponsored by the Seventh Day Adventist Church.

Finney will illustrate his lecture with pictures he has taken.

Finney was editor of "These Times" magazine, a nationally circulated religious journal for a number of years, author of several books, and has traveled widely in this country and abroad.

The program will include lectures or films daily except Monday-day conference of American Chamber of Commerce executives in Los Angeles.

Lloyd Ellison, pastor of the Seventh Day Adventist Church in Appleton, will serve as musical director.

Rev. Frederic Kosanke

and Fond du Lac. He received a B. A. degree from Northwestern College, Watertown, in 1947, and after teaching 1 year at Winnebago Lutheran Academy, Fond du Lac, he entered Wisconsin Synod Seminary, Mequon, graduating in 1951.

He studied at Lutheran Free Church Seminary, Oberusel, Germany, and the University of Heidelberg for a year. He was ordained and installed as pastor at Altura, Minn., in 1952, and accepted his present call at Goodhue in 1956.

He is married and the father of four children.

John Torinus Named to Editors' Group

NEW YORK (AP) — John B. Torinus, editor of the Appleton Post-Crescent, was elected Friday to the American Society of Newspaper Editors.

Newbold Noyes Jr., executive editor of the Washington Star, was named to the society's board of directors to serve until the next regular election in April. Noyes replaces Wallace Lomine, who retired last month as executive editor of the Milwaukee Journal.

The society is an organization of 600 directing editors of newspapers with more than 20,000 daily circulation.

Pocket Radio Taken From Car Compartment

Naomi Maloney, 117 N. Appleton St., Friday reported to police her car glove compartment was broken into and a pocket transistor radio and set of spark plugs taken.

The car was parked in the 200 block of N. W. Alley street.

Twelve Celebrating High School graduates who felt like decorating Little Chute for their high school's homecoming ended in jail Thursday and justice court Friday where they received fines. The water pump-house at Doyle Park was splattered with whitewash, as was a cannon and some streets. A water tower was painted green. The celebrants were rounded up Thursday night and taken to the Outagamie County jail and the Appleton city jail. (Post-Crescent Photo)

11 Youths Fined In Little Chute Painting Spree

Eleven youths who celebrated homecoming Thursday night by painting Little Chute streets and buildings with whitewash were each fined \$10 and costs in justice court Friday.

One youth, Bruce Vande Hey, 18, 905 E. Main St., Little Chute, was fined \$20 and costs. His fine was higher because he had climbed the water tower to paint large green letters.

Receiving \$10 fines were: LeRoy Coenen, 18, 908 W. Main St., Little Chute; Al Ebben, 18, 825 W. Main St., Little Chute; Kenneth Van Asten, 19, 119 W. Main St., Little Chute; James Sprangers, 18, route 4, Appleton; George Schwalbach, 18, route 4, Appleton; Charles Fritsch, 18, 1027 W. Packard St., Appleton; Kenneth Hopfensberger, 18, route 4, Appleton; James Van Asten, 18, 1921 N. Wilson St., Little Chute; Joseph Verkuilen, 18, 1123 Garfield Ave., Little Chute; John Wilkenberg, 18, 938 N. Depot St., Little Chute.

Plant Gate Appearances in the Twin Cities were made Friday by David Carley, Democratic candidate for lieutenant governor, shown at left while handing campaign literature to two women at the Lakview Plant entrance of Kimberly-Clark Corp., outside Neenah. (Post-Crescent Photo)

Seven Years in the Fox Cities under an organized franchise... the Viking sewing machine is satisfying thousands of sewers. For parts and service, see Gene Kloes of Gen-Ral Enterprises, 203 N. State street, the only Viking Service Station in the Fox Valley.

Here is a sewing machine with history, founded in 1689, has grown Viking, says the machine has a wonderfully exciting past, up a modern industrial plant miracle camstacks which make makes a really great present, whose products have spread he it do your bidding instantly and has oh-what-an-exciting beyond the confines of Sweden to countless patterns of extreme beauty, ingenious speed reduced ture. The machine is, of course, the far corners of the world.

Swedish high-grade ore, Sweden of 1870-1871, persuaded the man heavy materials. Here is a truly wonderful fish technical skill and expert-agement to transform their meta-ence. Swedish craftsmanship and phoric swords into ploughshares Christmas gift that any lady on modern Swedish design, stamp and implement the diminished de- your list would love to find under the tree this year. It is a gift, penfabrik with the hallmark of on the manufacture of sewing that would last for years and quality, reliability, beauty, and machines and other household ar- ticles instead.

Upon the historic traditions of Kloes of Gen-Ral Enterprises, terprise, 203 N. State St. or call this one-time Royal Arms fac now the exclusive dealer for the RE 3-1785 for an appointment.

Earnings in U. S. Factories Near Record

WASHINGTON (AP)—September brought longer hours of work, record overtime, and near-record weekly earnings in the nation's factories, the Labor Department reported.

But otherwise the September job picture was mediocre, the department said in giving details on the broad job statistics announced last week.

Those figures showed the unemployment rate still at 5.8 per cent despite a drop of 400,000 in the number of job-hunters.

Today's analysis showed a rise of two-tenths of an hour in the factory work week to 40.6 hours. The work week has been edging downward since April, and normally shows little if any change in September.

This improvement was matched by a gain in hours worked at overtime pay. Factory workers averaged three hours of overtime last month, equal to the best rate since 1936.

The average weekly earnings rose by \$1.28 from August to \$97.03, only 24 cents below the all-time high of last June. Weekly pay averaged about 4.5 per cent higher than a year ago.

U. S. Bishops Buying Roman-Style Hats

ROME (AP)—Many American bishops here for the opening of the Roman Catholic Ecumenical Council did some last minute shopping to get the kind of clerical clothes priests wear in Rome.

The traditional broad-brimmed Galeo hats were much in demand. "It's not like a Stetson," said a Texas bishop, the Most Rev. Mariano F. Carriga of Corpus Christi, "but I guess it'll have to do."

"Dramatic, even exotic, color the guesswork out of selecting a combinations have obviously new wall color.

"However, color is only one makers," he points out. "Even element to be considered," Shannon added. "You have to consider tones are used, they are highly the lighting in a room, too, he- spiced with bold accents in com- cause light plays tricks with col- combinations only the most courage- or. For this reason, we recom- mend decorator would have at- mend that homemakers borrow tempted a few years ago."

Adapting the new wall colors to study in the very rooms to be furnishings already in the home painted. There is no charge for presents something of a problem this service, and it can help pre- for many people, Shannon ob- lvent many color mistakes."

As the Leaves Fall we are reminded that old man winter is not too far away. Take the worry out of winter heating problems by calling Jenkel Oil company and be assured of a full oil tank all season long. Telephone number of the firm is RE 9-1144.

One of the Midwest's Favorite Cleaners, Shur-Clean, has moved to Menasha, Wisconsin. Made by the Shur-Clean Chemical company, the famous household and commercial cleaner is now sporting a new container, but is still the same, wonderful homemaker's friend that it ever was.

Shur-Clean cleanser has been tributors: Zinke Company in Fond made for over 20 years. House- du Lac, and Wisconsin Distrib- wives in the middle-west love this ing Company of Appleton and wonderful, sweet-smelling clean- Oshkosh.

ser. It is easy on the hands but murder on those dirty walls and floors. It cleans almost anything and won't streak.

Mrs. R. L. Walter got a letter recently from a very young army wife in Fort Benning, Georgia. Her mother had always used Shur-Clean and she wanted to use it in her new little first home too. The Walters sent her a box of Shur-Clean in the return mail. It is family customers that pass on to their daughters the fine qualities of Shur-Clean.

Shur-Clean is presently sold to grocers through the following dis-

20,000 Drivers Lose Licenses in Wisconsin

MADISON (AP)—The State Motor Vehicle Department said Thursday that 20,010 driver licenses were revoked or suspended in Wisconsin in the first nine months this year, compared with 21,982 in the same period in 1961.

The department said that 10,817 persons lost driving privileges this year after conviction of hazardous driving violations. 4,062 piled up 12 demerit points and 5,131 failed to meet financial responsibility requirements in accident cases.

Discuss Contest

EMBARRASS—The Embarrass River Conservation club will meet at 8 p.m. Monday at the Village Inn. Whether or not the club will again sponsor a buck contest will be discussed during the business meeting.

Biggest Beam Bourbon Ad Campaign Built With Just Three Little Words

The James B. Beam Distilling Company's big Fall 1962 Advertising Program running in over 600 newspapers including the Appleton Post-Crescent is based on only three little words: "TRUST—TASTE—ENJOY."

Three powerful words, plus three glasses of Beam Bourbon and a bottle of Jim Beam, tell the entire story. Each of the well-chosen words is simple and to the point. They summarize in "telegraphic" form the story of the dedication of six generations of the Beam family to the perfection of Beam's Kentucky Straight Bourbon.

Beneath the first glass, filled with Beam Bourbon is the heading: "TRUST," with the legend: "The Bourbon distilled by the Beam family for six generations in Kentucky." The second glass, partially emptied, is accompanied by the line: "TASTE... The World's Finest Bourbon Since 1795." The final glass, almost empty, reflects how Beam Bourbon has been enjoyed, and completes the theme of "TRUST—TASTE—ENJOY the Bourbon Worthy of Your Trust."

George Gaber, Beam's Vice President and Director of Marketing, stated: "Beam's three-word campaign schedule is larger than ever before, and will include hundreds of large-space, full-color, multi-color and black and white newspaper ads."
